**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing to let you know that I oppose the USTelecom petition. I support broadband competition.

We need small ISP services such as Sonic. They provide amazing service. Without them, consumers would be left with subpar services and outrageous costs from big businesses such as Comcast and AT&T. These large businesses are monopolizing this industry and taking advantage of the consumer.

I have personally left AT&T and Comcast for their terrible services, expensive monthly packages, and slow internet speeds. It was a blessing to have Sonic available to us. We are so thrilled to have Sonic in our home for both internet and phone. Their customer service is stellar, their internet speeds astounding, and their costs very reasonable.

Please ensure that broadband competition continues to thrive.

Thank you for your time.
