Re: Kearsarge Telephone Company - Notice of Network Change

Dear Ms. Dortch:

Pursuant to Section 51.325 – 51.335 of the Commission's rules, Kearsarge Telephone Company ("Kearsarge") hereby submits the attached: Certification of Public Notice of Network Change under rule 51.329(a); Public Notice of Copper Retirement under rule 51.333; and Certification of Public Notice of Copper Retirement under rule 51.333. Specifically, Kearsarge is providing notification of the replacement of copper distribution and loop facilities with fiber-to-the-home facilities in a certain digital service area (DSA) located in Salisbury, New Hampshire. Upon completion, Kearsarge will provide services through its fiber optic network.

All of the customers served by copper at these locations purchase "plain old telephone service" (POTS). Following transition to fiber, Kearsarge will continue to offer these customers the same POTS service over fiber at the same or better price as they received on copper facilities. There will be no change in the underlying features and functionalities in their service: this is not a transition to IP-based service, and Kearsarge will offer these customers the same regulated service they have today.

With this filing, Kearsarge withdraws the earlier July 16, 2018 filing and replaces it with this current, updated version.

Please contact me should you need any further information.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer R. Heise".
