**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

There is already too much government interference in this nations business, largely due to big money lobbyists! In my area there are three ways to get internet service: Gorge Networks, satellite companies, or Century Link telephone. Century Link has basically stolen from me through over billing and I do not require television or phone service. gorge.net although somewhat limited in my area speedwise, has always given me fair and courteous service. I believe it is my right be able to purchase my goods and services from who ever I choose, and not let the government dictate where I shop.
