Enclosures

REQUEST FOR INFORMATION FROM SINCLAIR AND TRIBUNE

1. On page 26 of the Comprehensive Exhibit, the Applicants assert that Post-Transaction the Combined Company would exceed the permissible commercial broadcast television national audience reach, 47 C.F.R. § 73.3555(e).³ Specifically, they state that “without divestiture, the combined company would have an audience reach approximately 6.5% in excess of the 39% cap.”⁴ The Applicants do not give Sinclair’s current national audience reach. Describe in detail and provide documents that support and demonstrate Sinclair’s current national audience reach and the specific calculations and methodology used to determine both that figure as well as the Post-Transaction 45.5 percent national audience reach.
2. On page 26 of the Comprehensive Exhibit, the Applicants state that they will:

[T]ake such actions to the extent required to comply with the terms of the Merger Agreement and the national television ownership limit (including the UHF Discount), in order to obtain FCC approval of the transaction. To the extent that there are changes, or proposed changes, to the national television ownership limit, the applicants may file amendments to the applications to address such changes.⁵

The Applicants do not indicate what steps, if any, they have already taken or what specific steps they plan to take Post-Transaction to comply with the national ownership limit. Describe in detail and provide documents that support your description of what specific steps the Applicants have taken and/or what specific steps they plan to take to comply with the national ownership limit, including a complete list of stations that would be divested to comply with 47 C.F.R. § 73.3555(e) and any attempts to market those stations, including, but not limited to, contacts with station brokers and/or potential buyers, any plans to request permission to place stations in divestiture trusts, and/or any plans to seek a waiver(s) of 47 C.F.R. § 73.3555(e).

3. On pages 13-14 of the Comprehensive Exhibit, the Applicants list ten Designated Market Areas (DMAs) where Sinclair and Tribune both own full-power commercial television broadcast stations, but the Commission’s local broadcast television ownership rules, 47 C.F.R. § 73.3555(b), would not permit the Combined Company to own all the current Sinclair and Tribune Stations in the DMA post consummation (Non-Compliant Overlap Markets).⁶ For each Non-Compliant Overlap Market, provide a detailed showing with supporting documents listing the Top Four stations as measured by Nielsen Research Service or any comparable ratings service; and a detailed showing with supporting documents of the full-power commercial and non-commercial television broadcast stations in each Non-Compliant Overlap Market, including a showing listing the current independently owned and operating, full power, commercial and

noncommercial TV stations and a showing listing the independently owned and operating, full power, commercial and noncommercial TV stations that would remain Post-Transaction. In each Non-Compliant Overlap Market, specify if any of the noise-limited contours of the listed stations do not overlap the noise-limited contours of the Applicants' stations.

4. On page 12 of the Comprehensive Exhibit, the Applicants state that in the Non-Compliant Overlap Markets they:

[I]ntend to take actions ... as necessary to comply with the terms of the Merger Agreement and the Commission's local television ownership rules as required in order to obtain FCC approval of the Transaction. To the extent that there are changes, or proposed changes, to the Commission's local ownership rules that would permit acquisition of the Tribune licenses in any of these markets in which such ownership is currently prohibited, the applicants may file amendments to address such changes. To the extent that divestitures may be necessary, applications will be filed upon locating appropriate buyers and signing appropriate purchase agreements.⁷

The Applicants do not indicate what steps, if any, that they have taken so far to comply with the local television ownership rules. Describe in detail and provide documents that support and demonstrate what steps, if any, the Applicants have taken or plan to take to comply with the local television ownership rules, including a complete list of stations that would be divested to comply with 47 C.F.R. § 73.3555(b) and any attempts to market those stations, including, but not limited to; contacts with station brokers and/or potential buyers, any plans to request permission to place stations in divestiture trusts, and/or any plans to seek a waiver(s) of 47 C.F.R. § 73.3555(b).

5. On page 2 of the Comprehensive Exhibit, the Applicants state that "[t]he Transaction will produce both operating efficiencies and economies of scale...."⁸ Describe in detail, quantify, and provide documents that support and demonstrate the operational efficiencies and economies of scale that would result from the Transaction that would not be achieved absent the Transaction.

6. On page 2 of the Comprehensive Exhibit, the Applicants state that the transaction will result in

greater audience reach which will make Sinclair more attractive to programmers, including networks and syndicators, generating revenues that can be reinvested in the broadcast operations in a manner that improves service to the public.⁹

Describe in detail, quantify, and provide documents that support and demonstrate the expected impact of the greater audience reach that would result from this Transaction. In particular, demonstrate how the increased audience reach will make Sinclair more attractive to programmers

in a manner that would not occur absent approval of this Transaction, including, but not limited to increased ratings on existing stations; any new or enhanced presence by Sinclair in the DMAs where it holds licenses; changed viewer demographics for the company overall and/or its stations in particular; and improved MVPD distribution of Sinclair stations. Describe in detail, and provide documents that support and demonstrate how Sinclair plans to reinvest the additional revenues generated by any predicted greater audience reach and how such reinvestment will improve service to the public.

7. On page 2 of the Comprehensive Exhibit, the Applicants state:

[T]he Transaction will make implementing ATSC 3.0 more efficient by offering economies of scale in equipment purchasing and installation services. Achieving a nationwide buildout is essential for television manufacturers to create a sufficiently large market to justify production of ATSC 3.0 televisions and for mobile device manufacturers and consumer electronics retailers to begin producing and selling ATSC 3.0 mobile devices.¹⁰

Describe in detail and provide documents that support and demonstrate specific examples of the types of equipment and service(s) in which Applicants expect to realize the anticipated economies of scale described in the above quoted language and the anticipated savings they expect to achieve that would not be achieved without the proposed merger. Describe in detail and provide documents that support and demonstrate an explanation as to why this Transaction “will make implementing ATSC 3.0 more efficient by offering economies of scale in equipment purchasing and installation services.”

8. On page 3 of the Comprehensive Exhibit, the Applicants state that “Sinclair intends to increase capital investments as well as expand news and other local coverage to the Tribune Stations post-merger”¹¹
- a. Describe in detail and provide documents that support and demonstrate the capital investments that Sinclair plans to make in the Tribune Stations Post Transaction;
 - b. Describe in detail and provide documents that support and demonstrate any specific plans that Sinclair has made to add local programming, local newscasts and/or local sports at the Tribune Stations Post-Transaction;
 - c. Describe in detail and provide documents that support and demonstrate any specific plans that Sinclair has made to increase coverage of state government and local government at the Tribune Stations Post-Transaction;
 - d. Describe in detail and provide documents that support and demonstrate any specific plans that Sinclair has made to increase or decrease the number of investigative reporters or journalists at the Tribune Stations Post-Transaction;

- e. Describe in detail and provide documents that support and demonstrate any specific plans that Sinclair has to increase and improve the amount of digital content on the Tribune Stations Post-Transaction.
9. On page 2 of the Comprehensive Exhibit, the Applicants state that Sinclair would “offer even greater value to multi-channel video distributors.”¹² Describe in detail and provide documents that support and demonstrate how the Transaction would offer greater value to MVPDs.
10. Provide a complete list and copies of all Sharing Agreements or Options to which either Sinclair or Tribune is a party in the DMAs in which the Tribune Stations are located. In each case, specify the type of agreement (*e.g.* local marketing agreement, shared services agreement, etc.) and the Broadcast Licensee(s) that is(are) also party to the Sharing Agreement or Option. In each case, include the term of the Agreement, its expiration date, and the terms for renewal.
