Re: Implementation of Section 6002(b) of the Omnibus Budget Reconciliation Act of 1993, Annual Report and Analysis of Competitive Market Conditions With Respect to Mobile Wireless, Including Commercial Mobile Services, WT Docket No. 17-69

Dear Ms. Dortch:

On September 14, 2017, Brian Josef and I of Comcast Corporation ("Comcast") met with Mary Claire York, Joel Taubenblatt, Judith Dempsey, Garnet Hanly, Leon Jackler, Pramesh Jobanputra, Kate Mataves (via telephone), Paroma Sanyal (via telephone) and Joseph Wyer of the Wireless Telecommunications Bureau.

During the meeting, we discussed Comcast's strong history of innovative service offerings to benefit our customers. We further highlighted key aspects of Xfinity Mobile and the value proposition of this new service for Comcast's customers, as detailed in the attached presentation. Finally, we discussed the Commission's 20th Mobile Competition Report on circulation and clarified the draft's descriptions to more accurately reflect Xfinity Mobile's utilization of cellular and Wi-Fi networks.

Please direct any questions to the undersigned.

Respectfully Submitted,

/s/ David Don
Vice President, Regulatory Policy
Comcast Corporation

RECENT RESULTS

- Positive video net additions in 2016 for the first time in a decade
- Added at least 1MM HSD customers for 11 years in a row
- Over 100K On Demand choices
- X1 penetration of nearly 50%

We are pursuing mobile with 3 main goals

Customer Loyalty

The bundle drives loyalty and improves the price-value relationship. We believe including mobile will improve retention.

Customer Growth

We believe mobile will help us grow our cable customer base.

Profitability

We expect standalone economics will be NPV positive per sub at limited scale over time.

Designed to benefit the core cable business
