Attn: Andrea Watson

To Whom It May Concern:

We are submitting this letter of appeal to grant a waiver for the filing window deadline. The enclosed Form 471 for Child Development (# 161051919) was submitted out of window. The reason for this was due to, we believe, equipment error. The form was completed on a laptop over Wi-Fi. When the *send to certify* button was pushed, the page changed and the laptop was then closed. It was assumed that the form was successfully transmitted. It was not noticed until well after the window closed that the form did not transmit completely.

The solution we are seeking for this is for the application to be moved to "in window" so it can be reviewed for funding. This is the first time our Child Development program has participated in E-Rate and they are truly a hardship program who would benefit from the assistance E-Rate funding would provide.

My contact information is below. We thank you for your time and consideration.
