Re: Applications of T-Mobile US, Inc. and Sprint Corporation, WT Docket No. 18-197

Dear Ms. Dortch,

It is the mission of the Kyle Palmieri Foundation to give back to the patriots who put their lives on the line to preserve our freedoms as Americans. To that end, we pay close attention to companies and organizations who give back to military members, veterans, and their families, which is why we encourage the FCC to approve the merger between Sprint and T-Mobile.

T-Mobile has consistently shown their appreciation and support for our nation's military, veterans, and their families through several different initiatives. From offering military and veteran families discounted plans, to supporting veterans causes, to investing over a half billion dollars to expand LTE capacity and lay the groundwork for 5G at U.S. military bases, T-Mobile has supported the brave men and women who serve our country.

The New T-Mobile company will be able to grow these initiatives even further and continue to serve veterans and military families. We support the merger of Spring and T-Mobile and ask the FCC to do the same.

Sincerely,

/s/ Kyle Palmieri

Kyle Palmieri
President
The Kyle Palmieri Foundation
