CC Docket 02-6  
Federal Communications Commission  
Office of the Secretary  
445 12<sup>th</sup> Street, SW  
Washington, DC 20554

To whom it may concern:

This is a request for review of a decision made by USAC for the Watertown School District, BEN 120564. The appeal is regarding the FY 2018 Application Number 181030645, FRN 1899058319.

The original funding application was denied on May 11, 2018 due to the school district being on a 'Red Light Status' with the FCC for a debt that was owed. The 2015 COMAD in the amount of \$961.73 was issued on August 03, 2017 and sent to the financial remittance person listed, but she was no longer with the school district and they were unaware that this debt was outstanding.

Once the new administration contact was made aware of the debt, it was repaid via wire transfer on July 10, 2018 and an appeal was submitted to USAC on behalf of the school district to have the 2018 application decision revised.

The appeal was denied for the debt owed being delinquent and not satisfied but the payment had already been made. I called the FCC and was assured the school district was no longer on 'Red Light Status', therefore, we are seeking the USAC Denial decision to be overturned and have the original application request approved.

If you need any additional information, please do not hesitate to contact me.
