PETITION FOR WAIVER

Pursuant to Section 1.3 of the rules of the Federal Communications Commission (“FCC” or “Commission,”¹ TrioTel Communications, Inc. (“TrioTel”, or “Petitioner”) hereby requests a waiver of the Sections 51.917(b)(1) and 51.917(b)(7) of the Commission rules to recalculate for merged study areas (TrioTel-McCook SAC 391669 (“McCook”) and TrioTel-Tri-County SAC 391682 (“Tri-County”)),² the 2011 Interstate Switched Access Revenue Requirement and 2011 Rate-of-Return Carrier Base Period Revenue necessary to determine Connect America Fund – Intercarrier Compensation (“CAF-ICC”) support.³ A waiver of Section 51.909(a) is not being requested because the study areas involved in this Petition are currently assigned to the same switched access rate bands, and therefore, a waiver of Section 51.909(a) is unnecessary. Grant of

¹ 47 C.F.R. § 1.3

² McCook Cooperative Telephone Company purchased Tri County Telecom in 2005. On January 1, 2010, McCook and Tri County merged under the current legal entity of TrioTel Communications, Inc and all subscribers became members of the Cooperative.

³ 47 C.F.R. § 51.917(b)(1) and (b)(7).

the requested waiver will allow Petitioner to implement the planned January 1, 2020 merger of the McCook and Tri-County study areas into TrioTel Communications, Inc.

I. INTRODUCTION AND SUMMARY

The Petitioner is a telephone cooperative operating as a rate-of-return incumbent local exchange carrier (“ILEC”) in South Dakota and is comprised of two study areas. McCook, Study Area Code 391669 has approximately 1,607 voice access lines, 276 Data only lines, and 1,262 Voice-Data lines operating in the following exchanges in South Dakota: Alexandria, Canova, Center, Salem, Spencer, and Winfred. The McCook study area has been administered as a cost company receiving legacy support. Tri-County, Study Area Code 391682, has approximately 332 voice access lines, 45 Data only lines, and 260 Voice-Data lines in the Emory and Clayton exchanges in South Dakota. The Tri-County study area has been administered as an average schedule company receiving legacy support. The Petitioner elected Alternative Connect America Model II (A-CAM II) support in 2019.

To allow the Petitioner the efficiency of managing switched access, special access, and CAF-ICC compliance for a single study area, the Petitioner will merge the McCook study area 391669 and the Tri-County study area 391682 effective January 1, 2020.⁴ As explained below, grant of this petition is required in order for the merger to occur.

The McCook SAC and the Tri-County SAC are in the same rate bands for switched access services set forth in the National Exchange Carrier Association (“NECA”) Tariff F.C.C. No. 5, and therefore no waiver is required under Section 51.909(a).⁵ However, waivers are

⁴ Subsequent to grant of the requested waiver, the Petitioner will file with the FCC Wireline Competition Bureau a letter notification of the planned merger of commonly-owned study areas within the state of South Dakota pursuant to FCC precedent.

⁵ 47 C.F.R §51.909(a).

required to recalculate for the merged study areas the 2011 Interstate Switched Access Revenue Requirement and 2011 Rate-of-Return Carrier Base Period Revenue necessary to determine CAF-ICC support. Therefore, Petitioner seeks waiver of Section 51.917(b)(1) to combine the 2011 Interstate Access Switched Access Revenue Requirements for the combined study areas into a consolidated 2011 Interstate Access Switched Access Revenue Requirement, and waiver of Section 51.917(b)(7) to combine the 2011 Rate-of-Return Base Period Revenues for the combined study areas into a single 2011 Rate-of-Return Base Period Revenue amount for the merged study area.

II. WAIVER STANDARD

In general, the FCC’s rules may be waived for good cause shown.⁶ Waiver is appropriate where the “particular facts would make strict compliance inconsistent with the public interest.”⁷ The FCC may grant a waiver of its rules where the requested relief would not undermine the policy objective of the rule in question, special circumstances warrant a deviation from the general rule, and such deviation will serve the public interest.⁸

III. WAIVER IS JUSTIFIED

A. Merger of McCook SAC and Tri-County SAC is in the Public Interest

The planned merger of the McCook and Tri-County study areas is consistent with Commission policy encouraging consolidation of commonly owned study areas in the same

state.⁹ Further, Commission precedent supports grant of petitions seeking waiver of Sections 51.917(b)(1) and 51.917(b)(7) in the context of merging commonly owned study areas within a state.¹⁰ The public interest is served by the increased administrative and operational efficiencies gained by consolidating these study areas. The resulting cost savings will permit greater resources for network investment which will ultimately benefit Petitioner's customers. Grant of the requested waiver prior to the planned January 1, 2020 study area merger will allow Petitioner to fully realize the benefits of its existing single-entity operations by adding the efficiencies of administering a single entity and other regulatory compliance for a single study area.

B. Zero Impact of Switched Access Rate Band Consolidation

As indicated previously, the McCook SAC and the Tri-County SAC share the same rate bands for Local Switching, Local Transport, and Tandem Switched Transport. Those rate bands will not change as a result of the proposed study area merger, and therefore, there will be no impact at all on switched access revenues. Therefore, a waiver of Section 51.909 (a) is not required.

C. Recalculation of 2011 Interstate Switched Access Revenue Requirement and Base Period Revenue Will Not Adversely Impact CAF-ICC

Exhibit A provides a summary of the expected CAF-ICC support as calculated by NECA. Access Recovery Charges will remain unchanged and therefore will have no impact on CAF-ICC or on end users. As described above, the Petitioner expects zero impact to switched access revenue, resulting in no change to CAF-ICC support. NECA projections indicate that the combined entity would receive [REDACTED] of CAF-ICC support for the projected test year 2019-2020 absent any changes to switched access rates, and as such, this change represents no impact on CAF-ICC for the test period.

IV. Conclusion

As demonstrated herein, "good cause" exists for grant of this waiver. Petitioners respectfully request the Commission act expeditiously to grant waiver of Section 51.917(b)(1) and 51.917((b)(7) of the rules in order that the McCook study area and Tri-County study area merger may be implemented January 1, 2020.
