Re: Expanding Flexible Use of the 3.7 to 4.2 GHz Band, GN Docket No. 18-122

Dear Ms. Dortch:

On September 16, 2019, Neeti Tandon, Alex Starr, Michael Goggin, Navid Motamed (by teleconference) and I, on behalf of AT&T, met with staff from the FCC's Wireless Telecommunications Bureau, Office of Engineering and Technology, and International Bureau at the FCC's staff's request to discuss the technical issues in the above-referenced proceeding. Attendees for the FCC – in person and via teleconference – are listed on Attachment A. During the meeting, AT&T and FCC staff discussed the issues raised in AT&T's ex parte letter of May 23, 2019 filed in the above-referenced proceeding.<sup>1</sup>

Please do not hesitate to contact me if you have questions.

Respectfully submitted,

/s/Raquel Noriega
