Absolutely...sorry for the delay. We met with our Building and Planning department to review the proposed tower. If you have time on Monday to review...I'd like to stop by your office. Are you available in the afternoon?

Hi Rob,

Hope your week is going well. We wanted to follow up with you on the outcome of your meeting with planning and see what the verdict is on the upgrade of the existing tower.

Thank you for taking the time to work with us on this!

Hey Guys,

Happy new year! Hope your 2018 is going well thus far.

When you get a chance, can I get your reaction to our intention to [upgrade the tower](#) and how you think we can proceed?

Regards,

**Dave Rodecker**
