Re: *Expanding Flexible Use in Mid-Band Spectrum between 3.7 and 24 GHz*,
GN Docket No. 17-183

Dear Ms. Dortch:

On September 13, 2018, Paula Boyd of Microsoft Corporation, Jayne Stancavage of Intel Corporation, and I met with Julius Knapp, Chief, Office of Engineering and Technology. In the meeting, we discussed the importance of unlicensed operations in the 6 GHz band, and protections for incumbents in the band, consistent with the *ex parte* letter of August 2, 2018.¹

Pursuant to the FCC's rules, I have filed a copy of this notice electronically in the above referenced docket. If you require any additional information, please contact the undersigned.

Sincerely,

Chris Szymanski
