**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I so much more enjoy my service through a small company like Sonic over at&t. I needed a broadband supplier for video and an isp that listens to my issues when needed.

I fear chokeing the isp selection down to a few large carriers. My experience has been the large carriers just do not value their customers. The out right lies told me, the push to what they call an upgrade to service and the calls made into the large carriers total hours over days of no service to correct issues assured me could not happen.

Please dont reward companies like at&t and support open internet for we consumers.

Regards
