RE: WC Docket No. 10-90; CC Docket No. 96-45
Annual State Certification of Support for Eligible Telecommunications Carriers Pursuant to
47 C.F.R. § 54.314

Dear Ms. Dortch:

I am writing to advise that the Virginia State Corporation Commission ("VSCC") has completed its 2019 annual certification procedure, in accordance with 47 C.F.R. § 54.314, for use of federal universal support by Eligible Telecommunications Carriers ("ETCs").

The VSCC certifies that the ETCs identified on the attached list provided affidavits certifying that all federal high-cost support provided to such carriers within Virginia was used in the preceding calendar year (2018) and will be used in the coming calendar year (2020) only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.¹

A letter is also being sent to the Vice President of the Universal Service Administrative Company.

Sincerely,

Judith Williams Jagdmann

¹ This includes interstate access support ("IAS") that was previously self-certified by carriers directly to the Federal Communications Commission ("FCC"). With the implementation of FCC Docket 11-161, the Connect America Fund order, IAS is included as high-cost support, which requires state certification to the FCC and the Universal Service Administrative Company on behalf of each carrier.
