Re: Ex Parte Notice: Applications of Sprint Corporation and PRWireless, Inc., d/b/a Open Mobile  
for Consent to Assign Licenses and Transfer Control of Licenses and an International Section 214  
Authorization (WT Docket No. 17-112)

Dear Ms. Dortch:

On September 23, 2017 and September 24, 2017, representatives of PRWireless, Inc. d/b/a Open Mobile, including Juan Saca, CEO, made presentations to representatives of the Federal Communications Commission ("FCC" or "Commission") including Debra Jordan, John Healy, and Julia Tu of the Public Safety and Homeland Security Bureau and Chairman Ajit Pai. The purpose of the communications was to advise the Commission on the amount of damage that successive Hurricanes Irma and Maria had inflicted on communications facilities in Puerto Rico and the resulting effect they had on Puerto Rico's communications services. The parties also discussed the restoration efforts that are underway to restore service and ways that the FCC might assist in its continuing effort to support carriers to address the situation.

In the course of the presentations, Open Mobile indicated that the company's efforts to restore services would be facilitated if the FCC expedited a grant of the above-referenced applications which are seeking the FCC's consent to a merger of the Open Mobile operations with certain operations of Sprint Corporation ("Sprint") in Puerto Rico. Specifically, allowing the transaction to move forward will enable the parties to better coordinate their responses and, perhaps, avoid rebuilding overlapping facilities and thereby expedite the resumption of interrupted services to the public.

Ms. Dortch
