RE: CC Docket No. 96-45/WC Docket No. 14-58, Annual State-Certification of Support for
Eligible Telecommunications Carriers Pursuant to 47 C.F.R. §54.314

Pursuant to the requirements of 47 C.F.R. § 54.314, the Mississippi Public Service Commission hereby certifies to the Federal Communications Commission and the Universal Service Administrative Company that the telecommunications carriers included in this letter are eligible to receive federal high-cost support for the program years cited.

The Mississippi Public Service Commission certifies for the carriers listed in the attached Exhibit A that all federal high-cost support provided to such carriers within Mississippi was used in the preceding calendar year (2017) and will be used in the coming calendar year (2019) only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.¹

¹ 47 C.F.R. §54.314(a) ("Certification. States that desire eligible telecommunications carriers to receive support pursuant to the high-cost program must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. High-cost support shall only be provided to the extent that the State has filed the requisite certification pursuant to this section.").

Enclosed is a self-addressed postage paid envelope and an additional copy of this letter for you to use in returning a stamped filed copy of this certification. Thank you for your assistance in this matter.

Sincerely,

Brandon Presley, Chairman
