Dear Ms. Dortch:

This is an appeal of a RFCDL - 158353 (see attached) that was denied due to a Red Light Status – see App 191040624. However the school is not in Red Light Status – see enclosed. Please instruct USAC to approve these applications as submitted.

I believe that the intent of the program is to make sure all eligible schools and libraries receive phone, internet access and internal networking equipment maintenance services as well as internal networking equipment. This school should not be penalized due to any delays in providing requested information which was beyond their control. I sincerely hope that this material will be reviewed and the application reviewed on the information previously provided.

Thank you,
