**Re: Amendment of the Commission's Rules with Regard to Commercial Operations in the 3550-3650 MHz Band (GN Docket No. 12-354); and Petitions for Rulemaking Regarding the Citizens Broadband Radio Service (RM-11788, RM-11789)**

Dear Ms. Dortch:

On September 27, 2017, David Wright of Ruckus Wireless, a business unit of Brocade Communications System, Inc. met separately with Rachael Bender, Acting Wireless Advisor to Chairman Pai, Kevin Holmes, Acting Legal Advisor to Commissioner Carr, and Travis Litman, Senior Legal Advisor to Commissioner Rosenworcel, to discuss issues related to the referenced proceeding and petitions.

During these meetings, I reviewed the points made in Ruckus' Comments and Reply Comments to the referenced petitions, highlighted recent events at Mobile World Congress Americas and New America's Open Technology Institute focusing on vertical industry use cases for CBRS spectrum, and provided an overview of global policy and regulatory activity related to spectrum sharing and vertical industry access to spectrum.

This letter is being filed pursuant to Section 1.1206 of the Commission's Rules. Should you have any questions, please contact me.

Sincerely,

David A. Wright
