Implementation Date of Planned Changes

On or after May 14, 2018

Locations at which Network Changes will Occur

(See Exhibit A)

Description of the Planned Network Changes

Existing copper facilities within five adjacent areas in the Friends Avenue and Oneil Street areas of High Point, North Carolina and in the Brookdale Drive, Hamlin Court and Edwards Lane areas of Jamestown, North Carolina, comprised of the locations listed at Exhibit A, are showing signs of aging and deterioration. North State has existing fiber-to-the-home facilities for all of the Exhibit A locations. At the completion of the transition all customers will be migrated from copper to fiber facilities, and the copper will be retired.

Description of the Reasonably Foreseeable Impact of the Planned Changes

After the retirement of copper facilities, copper facilities will no longer be available to serve customers at the Exhibit A locations and will not be maintained. However, all services currently provided over copper facilities will continue to be provisioned over the fiber facilities.

Description of any changes in prices, terms or conditions that will accompany the planned change(s)

As a general matter, the retirement of copper facilities will not result in changes to rates, terms and conditions in cases where the affected service is converted to a like-for-like service that is available on fiber facilities. Interconnecting entities, however, should review the applicable tariff or agreement for certain terms that may apply specifically in cases where the service is provisioned on fiber. In cases where interconnecting entities elect to replace the affected service with an alternative service that North State Telephone Company offers on fiber facilities, the rates, terms and conditions will be as set forth in the tariff or agreement under which North State Telephone Company offers the replacement service that the interconnecting entity selects. North State Telephone Company, separately from this notice, will provide interconnecting entities with further information regarding service migration options that North State Telephone Company offers.
