**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a retired individual living on a limited income, it is important that I save money wherever I can. It has been my experience that monopolies only increase the costs to the consumer, whereas healthy competition in any field is of benefit to the consumer. Socket is the best buy in internet service in our area, and I wish their service to remain available to consumers like me. They offer the best buy for internet and telephone service in our area. They give superior service to their customers, and I have been with them for some time now. Please do not allow the broadband competition to be eliminated in our area.
