Petition for Deferral of Application Fees)	

To Mark Stephens, Managing Director, Office of Managing Director

PETITION FOR DEFERRAL OF APPLICATION FEES

Susan L. Uecker, the court-appointed receiver (the “Receiver”) for Skybridge Spectrum Foundation (“Skybridge”), Environmentel LLC (“Environmentel”), and V2G LLC (“V2G”), entities formerly controlled by Warren Havens (“Havens”) that all hold numerous paging licenses, pursuant to Section 1.1119 of the Commission’s rules,¹ hereby submits this Petition for Deferral of Application Fees (the “Deferral”) in conjunction with a Request for an Extension of Time to Construct (the “Extension Request”) in order to defer all application fees associated with submission of the Extension Request (Exhibit A). Additionally, the Receiver is submitting a Petition for Waiver of Application Fees (Exhibit B, the “Waiver”) as a separate pleading.² The Receiver submits this Deferral because she faces a financial hardship regarding payment of the

¹ 47 C.F.R. § 1.1119.

² 47 C.F.R. § 1.1119(c).

application fees associated with the Extension Request and deferral of these fees is in the public interest.

On November 16, 2015, the Superior Court of Alameda County, California (“Superior Court”) placed Skybridge, Environmental, V2G, and other entities under the control of the Receiver (the “Receivership Case”). Since that time, the Receiver has been working diligently to pursue strategic transactions that would put the Licenses into service and thereby preserve the existing value of the receivership estate. The Receiver is also required to preserve the value of the receivership estate by maintaining the Licenses until such time that control of the Licenses can be transferred back to their original owner(s) following conclusion of the Receivership Case. This includes submitting license applications and attempting to preserve the Licenses using all regulatory means at the Receiver’s disposal.

The Receiver is facing a construction/coverage deadline of November 1, 2018 for numerous paging licenses identified in the Extension Request (the “Licenses”). Due to causes beyond her control, she has been unable to construct or provide coverage in the areas covered by the Licenses and is submitting the Extension Request in hopes that it will be granted by the Commission. The combined number of the Licenses currently held by Skybridge, Environmental, and V2G included in the Extension Request totals 1,999 licenses. This amounts to \$139,930 in application fees at \$70 per extension application required for submission of the Extension Request.³

With construction/coverage deadlines looming for the Licenses, the Receiver feels it is necessary to submit the Extension Request. But, because the Extension Request includes 1,999 paging licenses, this submission will create a financial hardship for the Receiver given her limited

³ 47 C.F.R. § 1.1102.

financial resources regarding the Receivership Case and the entities currently under control. Currently, the Receiver only has \$586,491.01 in accounts belonging to Skybridge, V2G, and Environmental. If all entities in the Receivership Case are included, the Receiver has \$958,432.04 (Exhibit C – Receiver’s Account Balances). However, there are approximately \$280,000 in pre-receivership claims, administrative fees totaling approximately \$755,000 through August 2018 that are pending court approval, and additional administrative fees accruing monthly exceeding \$100,000 per month. The Receiver cannot continue operating the estate and pay the application fees for the Extension Request.

In sum, the Receiver currently has \$586,491.01 in accounts for Skybridge, V2G, and Environmental, but owes approximately \$1,035,000 in outstanding debt attributable to other claims and application fees. Requiring the Receiver to pay \$139,930 for 1,999 extension applications in order to fulfill her court-ordered duty is a financial hardship she cannot meet at this time. It is also in the public interest for the Receiver to continue to manage the estate’s licenses and to pay pre-existing creditors.

For the foregoing reasons, the Receiver respectfully requests that the Commission grant this Deferral and defer the \$139,930 in application fees required to submit the Extension Request.

Respectfully submitted,

Request for Extension of Time to Construct)	

REQUEST FOR EXTENSION OF TIME TO CONSTRUCT

Susan L. Uecker, the court-appointed receiver (the “Receiver”) for Skybridge Spectrum Foundation (“Skybridge”), Environmentel LLC (“Environmentel”), and V2G LLC (“V2G”), entities formerly controlled by Warren Havens (“Havens”) that all hold numerous paging licenses, pursuant to Section 1.946(e)(1) of the Commission’s rules,¹ hereby submits this Request for an Extension of Time to Construct (the “Extension Request”) in order to extend the deadlines for the paging licenses set forth in Exhibit A (the “Licenses”). The Licenses have construction/coverage deadlines on November 1, 2018 (and do not expire until November 1, 2023), and the Receiver requests that these deadlines be extended until November 1, 2020 in order to give the Receiver adequate time to market and sell the Licenses.²

On November 16, 2015, the Superior Court of Alameda County, California (“Superior Court”) placed Skybridge, Environmentel, V2G, and other entities under the control of the

¹ 47 C.F.R. § 1.946(e)(1).

² The Receiver is also submitting a petition for waiver of application fees (the “Waiver”) and a petition for deferral of application fees (the “Deferral”) in conjunction with this Extension Request (Exhibit B and Exhibit C, respectively).

Receiver. Since that time, the Receiver has been working diligently to pursue strategic transactions that would put the Licenses into service and thereby preserve the existing value of the receivership estate. Notwithstanding the Receiver's efforts, she has been obstructed from pursuing these strategic transactions due to causes beyond her control. These causes stem entirely from the unresolved issues related to the Licenses and the receivership, including numerous legal actions brought by Havens that continue to interrupt and obstruct the Receiver's efforts to market and sell the Licenses.

In similar situations, the Commission has appropriately granted additional time to a receiver in order to facilitate the receiver's reasonable efforts to put FCC licenses into service.³ Pursuant to the Commission's rules, an extension request may be granted if the licensee shows that failure to meet the construction or coverage deadline is due to causes beyond the licensee's control.⁴ Because there continues to be unique and challenging circumstances beyond the Receiver's control that justify granting the instant Extension Request, the Receiver respectfully requests that the Commission grant this Extension Request in order to allow her to market and sell these licenses in accordance with the Superior Court's wishes.

I. HAVENS' ACTIONS ARE CAUSES BEYOND THE RECEIVER'S CONTROL

Shortly after being appointed by the Superior Court to take control of the Licenses, the Receiver opted to show "Substantial service" no later than five years after the initial grant of the Licenses instead of fulfilling the initial three-year construction deadline in accordance with Section 22.503 of the Commission's rules.⁵ The Receiver did not receive authority to market and sell any

³ As noted by Havens in *Declaration of Warren Havens in Support of Motion to Terminate Receivership*, filed in *Leong v. Havens*, Case No. 2002-070640, Alameda County Superior Court, at ¶ 33 (dated Aug. 19, 2016) ("Havens Declaration").

of the licenses under her control until February 26, 2016, and even this authority was limited.⁶ Since that time, the Receiver has been unable to provide substantial service in the geographic areas covered by the Licenses due to the continued obstacles that Havens has caused since early 2016.

Shortly after the Receiver gained authority to sell certain licenses under her control, on March 11, 2016, Havens filed a voluntary bankruptcy petition for Skybridge under Chapter 11 with the U.S. Bankruptcy Court for the District of Delaware on behalf of Skybridge.⁷ Due to the bankruptcy stay, the Receiver was precluded from acting on any Skybridge-related transaction. The bankruptcy case was dismissed and the dismissal ruling confirmed, but not until July 11, 2016.⁸ Additionally, Havens filed an involuntary bankruptcy petition in the U.S. Bankruptcy Court for the Northern District of California, against a debtor he called the “Leong Partnership.”⁹ The Superior Court ruled that this involuntary bankruptcy petition did not affect the Receiver, but it certainly made it difficult for the Receiver to market and complete a sale for any of the licenses she controlled, much less the Licenses.

On June 15, 2018, Havens removed the receivership case to the United States District Court for the Northern District of California (the “District Court”).¹⁰ Because Havens’ removal of the case effectively precluded any court decisions until the District Court determined whether or not to remand the case to state court, the Receiver was prevented from gaining approvals for sales,

paying professionals, or receiving instructions for almost three months. On September 7, 2018, the District Court remanded the receivership case back to the Superior Court.¹¹ In defiance of the District Court's remand order, Havens again removed the receivership case on September 19, 2018.¹² After the District Court set an order to show cause why the case should not be remanded (again), Havens filed an emergency motion with the Ninth Circuit Court of Appeals the day before the remand hearing, which that court summarily rejected in an order on October 24, 2018. On October 25, 2018, the District Court again remanded the receivership case back to the Superior Court.¹³

When the Receiver took control of the Licenses, there was no business plan in place to begin a buildout or market the licenses before their construction/coverage deadline. Even if the Receiver had not faced the judicial obstacles to her authority that have continued to delay her ability to market and sell the Licenses, there was no plan for her to accomplish. Havens has continued to frustrate the Receiver's efforts to preserve the value of the Licenses, and he constitutes a cause outside of her control that hinders the Receiver's ability to perform her duties. Granting the Extension Request will give the Receiver more time to find a buyer for the Licenses while honoring her obligations to the Superior Court.

II. THE COMMISSION SHOULD GRANT THE EXTENSION REQUEST BECAUSE THE RECEIVER HAS BEEN OBSTRUCTED BY HAVENS IN CARRYING OUT HER DUTIES

The Commission has granted waivers of deadlines where the former controlling entity improperly interferes with a receiver's work.¹⁴ In *Holland*, the Commission granted the receiver additional time for construction, as well as permitted him to file renewal applications after the deadline, because of the former controlling owner's refusal to cooperate with the receiver. Holland was the court-appointed receiver for an estate, and was under a duty to preserve the licenses and sell them to qualified buyers, with Commission approval, for the benefit of the estate.¹⁵ The receivership order prohibited the former owner from interfering with Holland's activities as the receiver and required the former owner to turn over relevant records related to the licenses. The former owner refused to cooperate with Holland and was eventually held in contempt for her actions.¹⁶

Havens' actions have been just as disruptive as those that the receiver in *Holland* faced. Where lack of cooperation and outright interference from a former controlling owner prevent a court-appointed receiver from taking the actions necessary to preserve the estate, in this case the Licenses, the Commission should offer the Receiver some regulatory flexibility to overcome that hurdle and do what is necessary.¹⁷ The circumstances that the Receiver encountered due to Havens' legal actions – including the voluntary bankruptcy, the involuntary bankruptcy, and the removals – are precisely the kind of unexpected, intervening circumstances that frustrate the

Receiver's ability to fulfill her obligations. It is no coincidence that Havens has also been held in contempt for his legal actions, similar to the former owner in *Holland*.

But for Havens' actions throughout the Receiver's appointment, finding a buyer for the Licenses would have been possible. Granting the Extension Request in this case is warranted because Havens' actions constitute causes beyond the Receiver's control that have restricted her ability to meet the construction/coverage deadlines for the Licenses. The Commission should grant the Extension Request in order for the Receiver to execute the strategic transactions that have not been possible to date because of Havens' lack of cooperation. There is still time for the Licenses to meet their construction/coverage requirements prior to their expiration on November 1, 2023.

III. CONCLUSION

For the foregoing reasons, the undersigned respectfully requests that the Commission grant the Extension Request.

Petition for Waiver of Application Fees)	

To Mark Stephens, Managing Director, Office of Managing Director

PETITION FOR WAIVER OF APPLICATION FEES

Susan L. Uecker, the court-appointed receiver (the “Receiver”) for Skybridge Spectrum Foundation (“Skybridge”), Environmentel LLC (“Environmentel”), and V2G LLC (“V2G”), entities formerly controlled by Warren Havens (“Havens”) that all hold numerous paging licenses, pursuant to Section 1.1119 of the Commission’s rules,¹ hereby submits this Petition for Waiver of Application Fees (the “Waiver”) in conjunction with a Request for an Extension of Time to Construct (the “Extension Request”) in order to waive all application fees associated with submission of the Extension Request (Exhibit A). Additionally, the Receiver is submitting a Petition for Deferral of Application Fees (Exhibit B, the “Deferral”) as a separate pleading.² The Receiver submits this Waiver because she faces a financial hardship regarding payment of the

application fees associated with the Extension Request and waiver of these fees is in the public interest.

On November 16, 2015, the Superior Court of Alameda County, California (“Superior Court”) placed Skybridge, Environmental, V2G, and other entities under the control of the Receiver (the “Receivership Case”). Since that time, the Receiver has been working diligently to pursue strategic transactions that would put the Licenses into service and thereby preserve the existing value of the receivership estate. The Receiver is also required to preserve the value of the receivership estate by maintaining the Licenses until such time that control of the Licenses can be transferred back to their original owner(s) following conclusion of the Receivership Case. This includes submitting license applications and attempting to preserve the Licenses using all regulatory means at the Receiver’s disposal.

The Receiver is facing a construction/coverage deadline of November 1, 2018 for numerous paging licenses identified in the Extension Request (the “Licenses”). Due to causes beyond her control, she has been unable to construct or provide coverage in the areas covered by the Licenses and is submitting the Extension Request in hopes that it will be granted by the Commission. The combined number of the Licenses currently held by Skybridge, Environmental, and V2G included in the Extension Request totals 1,999 licenses. This amounts to \$139,930 in application fees at \$70 per extension application required for submission of the Extension Request.³

With construction/coverage deadlines looming for the Licenses, the Receiver feels it is necessary to submit the Extension Request. But, because the Extension Request includes 1,999 paging licenses, this submission will create a financial hardship for the Receiver given her limited

³ 47 C.F.R. § 1.1102.

financial resources regarding the Receivership Case and the entities currently under control. Currently, the Receiver only has \$586,491.01 in accounts belonging to Skybridge, V2G, and Environmental. If all entities in the Receivership Case are included, the Receiver has \$958,432.04 (Exhibit C – Receiver’s Account Balances). However, there are approximately \$280,000 in pre-receivership claims, administrative fees totaling approximately \$755,000 through August 2018 that are pending court approval, and additional administrative fees accruing monthly exceeding \$100,000 per month. The Receiver cannot continue operating the estate and pay the application fees for the Extension Request.

In sum, the Receiver currently has \$586,491.01 in accounts for Skybridge, V2G, and Environmental, but owes approximately \$1,035,000 in outstanding debt attributable to other claims and application fees. Requiring the Receiver to pay \$139,930 for 1,999 extension applications in order to fulfill her court-ordered duty is a financial hardship she cannot meet at this time. It is also in the public interest for the Receiver to continue to manage the estate’s licenses and to pay pre-existing creditors.

For the foregoing reasons, the Receiver respectfully requests that the Commission grant this Waiver and waive the \$139,930 in application fees required to submit the Extension Request.

Respectfully submitted,
