**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am Donna Morrow. I live in Moberly, MO. Population about 15,000. I chose Socket over AT&T, Spectrum, and 2 other local ISP providers. I DO NOT WANT you to restrict my internet access! AT&T and Spectrum BOTH cheated me on the pricing and quality of their service. Both promised me one price when I signed up, and switched me to a higher price on my monthly statements!

Please- do not cut us out of choices for our internet service providers! The only way to keep large corporations in check is to make sure that they have competition. Let the market decide! That's why the major telecoms now offer reasonable prepaid cell plans- companies like Virgin Mobile, Straight Talk, Cricket, etc, forced them to lower prices!

Don't close the door on us, the consumers. Don't force us back to high prices and poor service, and misrepresentation from monopolies like AT&T.

Thank you,

Donna Morrow
