Ms. Marlene H. Dortch, Secretary  
Federal Communications Commission  
445 12<sup>th</sup> Street, S.W.  
Washington, DC 20554

**Re: Revised Certification of Public Notice of Network Change Under Rule 51.329(a) -- CC Docket No. 96-98**

Dear Ms. Dortch:

On February 2, 2018, AT&T filed a Long Term Network Disclosure No. ATT20180202L.3 for Monterey/Salinas, California. In accordance with AT&T's practices, the disclosure was posted online.

However, pursuant to a conversation with FCC Staff on Thursday, November 1, AT&T has revised that notification (ATT20180202L.3 Rev1) and reposted online to clarify under Description of Network Change Planned: "*This change will consolidate STPs in LATA (736) to LATA (722).*" A description of the revised network change notice is attached.

This notice is also available at: <https://ebiznet.att.com/networkreg/>

If you have any questions, please do not hesitate to contact me at (202) 457-2164.

Sincerely,

A handwritten signature in black ink that reads "Victoria Carter-Hall". The signature is written in a cursive, flowing style.

Notice: <https://ebiznet.att.com/networkreg/>

Implementation Date: On or after June, 2019

## Description of Network Changes Planned:

AT&T California has developed a project with the plan to eliminate the two (2) Alcatel 5070 STPs in Monterey/Salinas, CA. This will require re-homing all the SS7 linksets from the two (2) Monterey/Salinas Alcatel 5070 STPs (**MTRYCA0100W/SLNSCA0100W**) 401 Franklin St. Monterey, CA 93940/340 Pajara St. Salinas, CA 93901 into the Santa Clara/Walnut Creek CA Oracle Eagles STPs (**SNTCCA0112W/WNCKCA1121W**) 1700 SPACE PARK DR SANTA CLARA, CA 95054/1755 Locust St. Walnut Creek, CA. 94596 Oracle Eagles STPs. This change will consolidate STPs in LATA (736) to LATA (722). The NEW FSPOI codes are **SNTCCA0112W/WNCKCA1121W**. AT&T will transport the SS7 links from the FSPOI to the new STP location in LATA 722.

**Monterey/Salinas, CA - LATA-736**

**MTRYCA0100W/SLNSCA0100W**

Point Code – 251-023-000/251-022-000 Alias 251-024-000

**Santa Clara/Walnut Creek -LATA-722**

**SNTCCA0112W/WNCKCA1121W**

Point Code – 251-004-000/251-005-000 - Alias 251-006-000

This project will not be completed prior to March 2019.

## Description of Reasonably Foreseeable Impact of the Planned Changes:

carriers will need to move their SS7 links and must coordinate the activity with AT&T California. AT&T California will communicate more details with affected carriers in 1st Quarter 2018. It is anticipated that carriers will have to issue ASRs to connect to the FSPOI in the existing LATA (722) and that **carriers will not have to transport their SS7 links any further than they presently do**. ASRs will need to be issued prior to the cutovers with the existing FSPOI, and the new Far End CLLI and Point Code. The carriers will need a technician in their Central Office or STP during the maintenance window on the night of the cutover to make changes in the SS7 routing tables with the new set of point codes shown below. Access Service Requests (ASR) or Local Service Requests (LSR) are due to be submitted on or prior to March 31, 2018.
