PEG Bandwidth DE, LLC, PEG Bandwidth MD, LLC, PEG Bandwidth NJ, LLC, PEG Bandwidth NY Telephone Corp., PEG Bandwidth PA, LLC, PEG Bandwidth TX, LLC, PEG Bandwidth VA, LLC, Southern Light, LLC and Uniti Fiber LLC (collectively, “Sellers”) and Everstream Solutions LLC (“Purchaser” or “Everstream Solutions”) (Purchaser and Sellers collectively, “Applicants”) respectfully request authority pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214 (the “Act”), and Sections 63.04 of the Rules of the Federal Communications Commission (“Commission” or “FCC”), 47 C.F.R. §§ 63.04, for Sellers to assign to Purchaser certain customer contracts and telecommunications assets used
to provision telecommunications services to the transferring customer contracts (the “Transaction”).

In support of this filing, Applicants provide the following information:

I. REQUEST FOR STREAMLINED PROCESSING

Applicants respectfully submit that this Application is eligible for streamlined processing pursuant to Sections 63.03 of the Commission’s Rules, 47 C.F.R. §§ 63.03. This Application is eligible for streamlined processing pursuant to Section 63.03(b)(2)(i) because, immediately following the Transaction:

1. Applicants (including their Affiliates, as that term is defined in Section 3(1) of the Act) combined will hold less than a ten percent (10%) share of the interstate, interexchange market;

2. Applicants and their Affiliates will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by dominant local exchange carriers (none of which is a party to the proposed Transaction); and

3. Neither the Applicants nor any of their Affiliates are regulated as dominant with respect to any service.

II. DESCRIPTION OF THE APPLICANTS

A. Sellers

All of Sellers are headquartered 107 St. Francis Street, Suite 1800, Mobile, Alabama 36602, and each is a subsidiary of Uniti Group Inc. (“Uniti Group” and together with its subsidiaries, “Uniti”), a Maryland corporation headquartered at 10802 Executive Center Drive, Suite 300, Little Rock, Arkansas 72211. Uniti Group is a publicly traded real estate investment trust that engages in the acquisition and construction of infrastructure utilized by the communications industry. Uniti
Group does not provide telecommunications services in its own right. It owns and operates a number of licensed telecommunications providers offering services in the District of Columbia and a number of states.

B. Purchaser

Everstream Solutions, an Ohio limited liability company, is headquartered at 1228 Euclid Ave, #250, Cleveland, OH 44115. Everstream Solutions holds domestic and international Section 214 authorization as well as certificates to provide intrastate telecommunications services in Ohio and Missouri and has applications pending for authorization to provide intrastate telecommunications services in Delaware, Maryland, New Jersey, New York, Pennsylvania, and West Virginia. Everstream Solutions is affiliated with (i) Everstream GLC Holding Company LLC (“Everstream GLC”), which holds domestic and international Section 214 authorizations (File Nos. ITC-214-19970116-00027 as assigned in IB File No. ITC-ASG-20160426-00157) and holds certificates to provide intrastate telecommunications services in Illinois, Indiana, Michigan, and Wisconsin, (ii) Lynx Network Group, Inc. (“Lynx”), which holds domestic Section 214 authority and holds a certificate to provide intrastate telecommunications services in Michigan, and (iii) HRS Internet, LLC (“HRS Internet”), which holds domestic and international Section 214 authorizations (File No. ITC-214-20080612-00268) and holds a certificate to provide intrastate telecommunications services in Indiana.

Everstream Solutions is a wholly owned subsidiary of Midwest Fiber Acquisition LLC (“Midwest”), a Delaware limited liability company. Midwest, through Everstream Solutions and its affiliates, is a super-regional network service provider bringing fiber-based Ethernet, internet and data center solutions to businesses throughout the Midwest. The company has more than 10,000 route miles and comprehensive data center connectivity at 100 Gbps. Its network allows
businesses to operate a converged IP network capable of delivering robust voice and data services at speeds from 10 Mbps to 100 Gbps.

Midwest is owned by Midwest Fiber Holdings LP, and is ultimately indirectly owned by four limited partnerships organized in Luxembourg (AMP Capital Global Infrastructure Fund II A LP, AMP Capital Global Infrastructure Fund II B LP, AMP Capital Global Infrastructure Fund II C LP, and AMP Capital Global Infrastructure Fund II E LP), collectively referred to as “GIF II.” Between Midwest Fiber Holdings LP and GIF II, there are a number of intervening entities in the ownership chain (Midwest Fiber Intermediate US LP, Midwest Fiber Midco LP and GIF II US Aggregator LP). For each of the limited partnership entities in this chain, as well as for the four Luxembourg limited partnerships referenced above, the general partner is AMP Capital Investors (GIF II GP) S.à.r.l., a Luxembourg company.

AMP Capital Investors (GIF II GP) S.à.r.l. is indirectly owned by AMP Capital Holdings Limited (“AMP Capital”) which is a global investment manager headquartered in Australia, with a growing international presence, including in North America. AMP Capital has a heritage and strength in infrastructure and real estate, and specialist expertise in fixed income, equities and multi-asset solutions. AMP Capital is a downstream subsidiary of AMP Limited, one of Australia’s largest retail and corporate pension providers.

III. DESCRIPTION OF THE TRANSACTION

Sellers and the Purchaser entered into an Asset Purchase Agreement on October 20, 2020 (the “Agreement”). Pursuant to the Agreement, Purchaser will acquire from Sellers discrete customer contracts and the telecommunications equipment associated with such customer contracts in a number of states, including certain microwave assets and domestic fiber optic assets. Purchaser will also acquire certain unregulated assets from Sellers under the terms of the Agreement.
None of the transferring customers are retail end users; instead, all customers are either other carriers or enterprises. These carrier and enterprise customers are sophisticated consumers of high-capacity telecommunications services with contracts that dictate the assignment or transfer of services to other telecommunications service providers. Customers will be advised (and in some cases consent will be requested) prior to the transfer of services from Seller to Everstream Solutions. All customers will continue to receive their services over the same facilities as they do today, and will not suffer and adverse consequence as a result of the Transaction. Upon consummation of the Transaction, Everstream Solutions will offer domestic interstate services to such customers pursuant to its blanket 214 authority. All of the Sellers identified herein will retain their Section 214 and state authorizations and will continue to offer services to other customers pursuant to those authorities.

Immediately following the Transaction, the customers will receive service from Everstream Solutions at the same rates, terms and conditions as they currently receive. Future changes in the rates, terms and conditions of service for customers will be undertaken pursuant to applicable federal and state notice requirements and customer contracts.

The fitness of Everstream Solutions and its parent Midwest to own these assets has been confirmed by the Commission in connection with the 2018 acquisition of Everstream Solutions by Midwest and the 2020 acquisition of HRS Internet by Everstream Solutions. See e.g., WC Docket No. 18-93, IB File Nos. ITC-T/C-20180323-00064 and ITC-T/C-20180323-00065; and WC Docket No. 19-302, IB File No. ITC-T/C-20191018-00171. In those transactions, Everstream Solutions disclosed that certain foreign investors hold a greater than 10 percent indirect interest in Midwest and those foreign investors have not materially changed and are disclosed below. On September 20, 2018, the U.S. Department of Justice, with the concurrence of the U.S. Department
of Homeland Security and the U.S. Department of Defense (collectively, “the Agencies”) notified
the Commission that they had no objection to the application for the transfer of control of
Everstream Solutions and its affiliates Everstream GLC and Lynx to Midwest based on the
information provided to the Agencies and analysis by the Agencies of potential national security,
law enforcement, and public safety issues. See WC Docket No. 18-93, IB File Nos. ITC-T/C-
20180323-00064 and ITC-T/C-20180323-00065.

The proposed Transaction will not change the fitness of Everstream Solutions and its parent
Midwest to acquire the assets from Sellers. The foreign investors of Everstream Solutions and
Midwest as previously disclosed to the Commission have not materially changed and are disclosed
below.

Accordingly, Applicants respectfully request that the Commission process, consider, and
approve this Application as expeditiously as possible.

IV. PUBLIC INTEREST STATEMENT

The Transaction will serve the public interest. Sellers, Uniti Group and Uniti will gain
important operational efficiencies and enhance their capital position as a result of the Transaction.
Everstream Solutions will obtain valuable assets allowing it to provide robust, facilities-based
services on a competitive basis to consumers in several states enhancing consumer welfare.
Customers affected by the Transaction will continue to receive services over the same facilities as
they do today. Thus, the Transaction will enhance, and not diminish, customers’ welfare.
