

Dear Chairman Pai and Commissioners,

Enclosed please find 36,833 signatures of Americans who are calling on the FCC to stop the proposed Sinclair Broadcast Group - Tribune Media merger. They endorsed the following public comment:

*If Sinclair Broadcast Group is allowed to merge with Tribune Media, it would reach 72% of US households. One national company controlling so much of the market will damage local coverage and lead to fewer choices and higher cable prices. Sinclair is known to interfere with its local stations' editorial discretion and choices, and subsumes local coverage in favor of national segments hand-picked by its ownership. Sinclair has yet to prove how a merger with Tribune would be in the public's best interest. The FCC should not allow this merger to move forward.*

We hope the commission will listen to the voices of tens of thousands of Americans and consumers on this important issue.

Thank you for your attention to this matter.

If you have any questions, please feel free to contact me at [carli@demandprogress.org](mailto:carli@demandprogress.org) or 603-343-2089.

Sincerely,

Carli Stevenson  
Campaigner
