RE: MM Docket #92254/#92486

Dear Mr. Gross,

My reason for writing is to express my concern in regards to the MM Docket #92-254 that would limit political campaign advertisements to have the freedom to be able to air material that would be considered 'indecent' from the media's viewpoint, such as, film clippings of aborted fetuses, at prime time, but would force them to air on 'safe harbor' time, midnight - 6:00 am.

Mr. Gross, there is great concern this petition would create *discrimination* based upon religious beliefs. For instance, Mike Bailey, a former '92 candidate, was able to air his stance against abortion by showing clippings of aborted fetuses. Should the MM Docket #92-254 take effect, this would give an unfair advantage to opposing political rivals and create a bias in an already tilted political arena. Christians that are running for office, would be open to the mercy of the media on what is considered 'decent' or 'indecent'.

A perfect example of being 'at the mercy of the media' is the refusal of WAGA-TV, Atlanta, Georgia to air Mr. Daniel Becker's (candidate for Congress in the Ninth District of Georgia) 30 minute political program "Abortion in America: the Real Story". Mr. Becker was denied his 'reasonable access' to broadcasting facilities that is in effect under Section 312(a) (7) of the Communications Act. WAGA-TV also denied their obligation under Section 315(a) of the Act not to censor programming aired on behalf of political candidates.....all in the name of 'indecenty'.

"Indecent" is used to describe a word or action that is grossly unseemly or offensive to manners or morals. Indecency can then be used to depict commercials with sexual connotations in perfume commercials, such as "Calvin Klein", or the "Seinfeld" show that aired a 30 minute program on masturbation at 9:00 pm, or "L.A. Law" that repeatedly airs sex and violence, or "Donahue" that performed a homosexual wedding between 2 men and allowed them to kiss and discuss their sex life, and the list could go on to create quite a volume of entries. These few were listed to reveal that ***"indecenty" is not the issue, but the struggle in the power for control in regulating moral issues.*** Mr. Gross, please deny petition MM Docket No. 92-254 for it would deny our constitutional freedoms that have already been established.....thank you so much!

Sincerely,

David H. Brattie

Dear FCC Secretary

Do NOT restrict ProLife ads demonstrating the reality of abortion.

There is no doubt that the reality of seeing an unborn child dismembered by an abortion is upsetting. However, that is the reality of abortion. Those 'little blobs of tissue' are baby human beings in the most vulnerable stage of life. I and all my friends feel that taking a human life regardless of its age or stage of development is wrong.

These ads are the only means available to convey the truth about this horrifying industry. The liberal influence in the media, in their usual manor, have chosen to ingor the dark side of the abortion industry. They know that if the reality of abortion be made known a majority of Americans would demand it to stop. They covered the vietnam war with similar bias and succeeded in turning public opinion against the war. This past presidential election illustrates there arrogance by deciding whats best for america and her people. Now it would appear that they are so bold as to appeal to the FCC to join with them in censoring the truth about abortion.

It is unfortunate that this most powerful medium is being used not to inform americans so that they can make intellignet choices, rather its being used to control americans and influence their opinions against all that is good in our country.

I beseech you not to senor any ads that would truthfully educate people about our world. Even when this view is to painful to hear. People need to understand the consequences of the actions. Be it an eroding landscape or the dismembering of an unborn child. The truth is always worth telling.

Sincerely,

Steven Soper

I like to know what your going to do about the profane language over the air! I like to see the laws and rules enforced! I like to see yearly observation again of these station's! all around america once again. I like to language ban from the network's! On Soap Operas and night time shows on network. The sexually indiqundo's on Married with Children and other such shows on fox! And on abc NBC CBS exposing sex loosly as they do. Also the sex that comes over on MTV and BET music video's shows. Showing erotic video's explicitness those kind of videos should be ban and not showed. Restricted to playboy only!

For those who want to see those videos. and the talk shows FCC should needs to ban such topics on tv. such as strippers peepshows I call them on network in the daytime. For kids to see this trash. If the FCC doesn't enforce the rules. I'm enacting a boycott. People getting rid of their TV's. Returning their cable boxes! Boycotting advertment and boycotting you as well. I also want the abortion ads shown 92-254. Tell the truth what are the people against this afraid of. An attack of guilt of their crime on the unborn. I whether videos married with children banned In living Color fox network ban all together! start warning these networks or take'm off the air. Thank you!
