**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please help save our local broadband companies. We really need them to provided competitive competition. AT&T is the main thing available in our area and they are terrible providers with both products, service, and price.

We were so thankful to get Socket to be our internet provider. Use to be forced to have AT&T. Not a good experience. We couldn't even update our computers because the speed was so slow and we had the fastest DSL service they provided. They would do nothing to improve the service, even though we called on several occasions. Recently moved and now able to have "Socket" . Very happy with them.

Please don't let this competition be done away with!
