My husband and I
are writing in
regard to allowing
Pro Life advertising

We believe
the advertising should
be allowed not only
as a right of Free Speech,
but because we believe
the murder of unborn
children needs to be
recognized and stopped

The ads are
graphic but killing
an unborn baby is
exactly as is portrayed.

Thank you

Dear Sir/Madam:

I understand that there may be restrictions imposed on television messages concerning abortion. I am against any restrictions on such messages. I want to go on record as giving you my opinion on this matter. I believe regardless of your stand on abortion, it is important that both sides of the issue are presented.

I feel it is a constitutional right to provide messages on this issue whether it is pro or against. When I heard that there may be restrictions against presenting material on television which may be of a graphic nature, I was against it from the start. There is far more graphic and violent material that is shown on TV and to prevent important material concerning abortion, would not be right.

Thank you for your time in this matter.

Sincerely,

G. Neary

Dear Sir or Madam:

We are against the FCC granting TV stations the power to restrict political ads. This would allow TV stations to censor advertising by political candidates that have philosophies or are addressing issues they disagree with. This would be unfair to the citizens who need all the information they can get to make decisions on voting.

Please, do not change the current policies.

Sincerely

TO WHOM THIS MAY CONCERN:

I am writing to voice my concern that the FCC will be ruling shortly, on whether or not pictures/videos of aborted babies may be used in the campaign ads for candidates running for Federal offices. Although these pictures/videos are gruesome to look at, the fact remains that abortion has gruesome consequences. Someone always dies. I believe that it is within the guaranteed 1st amendment rights of a candidate for Federal office to express their personal beliefs during a campaign, in the manner that the candidate judges necessary, in order to reflect these beliefs. There are many of us who believe that abortion is murder, and continue to work for its ultimate demise, however politically incorrect this position may be. Please continue to support the guaranteed rights given to us by the United States Constitution, even if we do not agree. I ask that you will rule to continue to allow that the pictures/videos of aborted babies can be shown in campaign ads by candidates running for Federal offices.

Sincerely,
