RE: GN Docket No. 13-111 Promoting Technological Solutions to Combat Contraband Wireless Device Use in Correctional Facilities

Dear Ms. Tetreault,

On November 2, 2017, the following representatives from Tecore Networks - Mr. Jay Salkini, Ms. Markie Britton and Mr. Ernest Baynard met with the following representatives of the FCC, at the FCC Headquarters:

Suzanne Tetreault, Deputy Bureau Chief (Wireless Telecommunications Bureau)
Charles Mathias, Associate Bureau Chief (Wireless Telecommunications Bureau)
Mary Claire York, Legal Advisor (Wireless Telecommunications Bureau)
Melissa Conway, Attorney Advisor (Wireless Telecommunications Bureau)
Lloyd Coward, Deputy Division Chief (Wireless Telecommunications Bureau)
Roger Noel, Division Chief (Wireless Telecommunications Bureau – Mobility Division)
Timothy May, Telecommunications Policy Analyst (Public Safety and Homeland Security Bureau)

The purpose of the meeting was to provide the FCC with an update on Tecore's iNAC™ Managed Access Solution (MAS) technological advancements to meet evolving spectrum expansions and future generation of wireless technologies. During the meeting Tecore's Founder and CEO shared an update on worldwide successes of Tecore's iNAC MAS technology, and reaffirmed Tecore's continuous commitment to pioneering the MAS technology. He shared recent financing terms for a contract awarded in the U.S., and the company's continuous quest for congressional support for MAS.

We thank the commission for their time and look forward to continuing to work toward a resolution to eradicate the contraband cell phone epidemic.

Sincerely,

Jay Salkini
Founder & CEO
Tecore Networks
