Eligibility of Products and Services

Issue

USAC's Program Integrity Assurance (PIA) team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve.

What is the issue?

On your form, you requested funding for products and services that are ineligible to receive E-rate funding. This is an issue because before we can proceed with processing your form, we must remove the ineligible service requests and the cost associated with each from Funding Request Number (FRN) 1899054434. (For reference, see USAC's information on cost allocation standards.)

Here are the specific ineligible products and services, along with their associated costs, which PIA will remove from your application:

Ineligible Products and Services	Associated Cost
C1A1TCAT93002-5Y(53 percent eligible)	\$41,520.46
C1AA1TCAT93001-5Y	\$16,002.20

Please read all of the questions, descriptions, and requests below. Provide responses that most accurately reflect the status of the products and services listed above. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation.

Check the boxes for statements that apply, and where applicable, type the information requested into the text boxes. If your information is too detailed for the text box, or if you need to provide additional documentation, click "Browse" to upload relevant files or documentation.

2	<p>Otherwise, please confirm if you agree with the removal of the costs listed above. The FRN will be modified to change the pre-commitment funding request from \$501,639.92 to \$444,117.26.</p>	<input type="text" value="No"/>
a	<p>If Yes, you have no further questions.</p>	---
b	<p>If No, please provide the information requested for the appropriate options listed below:</p>	---
	<p>Alternative Cost Allocation</p> <p>Please upload an alternative cost allocation method or formula for the ineligible items.</p> <p>Note: Failure to remove the ineligibles may result in the denial of the funding request, in accordance with the 30 percent rule.</p>	2018 VABeach PIA - Equip Eligibility.xlsx
	<p>Splitting the FRN and Creating a New FRN</p> <p>If you would like to remove the ineligible costs listed above from this FRN and place it in a new FRN, please check the box.</p>	<input type="checkbox"/>
2	<p>If you would like to provide any additional information about these issues that have not been addressed above:</p> <p>Use the text box to type information, or upload additional documentation using the "Browse" button.</p>	<p>Attachment sheet one is eligibility percentage from Cisco Helpdesk. Sheet two is reallocation of costs based on Cisco's eligibility. See second block for these two line items.</p>

Melissa:

Good afternoon! Apologies for the delay - Cisco has cost-allocated these items as follows (all figures are the percentage of the cost which is eligible for discount):

CON-SSSNT-CT5520K9	65% eligible
CON-ECMUS-C1FPAIR	20% eligible
CON-ECMUS-C1APAIRK	20% eligible
CON-SSSNT-C1ASRXK1	65% eligible
CON-ECMUS-CFPASR11	20% eligible
C1A1TCAT93001-5Y	46% eligible

The percentages shown are based solely on technical functionality of the components. Applicant-specific deployment factors will determine final eligibility, including installation location, user population served, cost-effectiveness, and other E-rate regulatory requirements.

Thank you very much, and if you have further questions please do not hesitate to contact us!
