CC Docket No. 02-6

Form 471 Number - 171025576

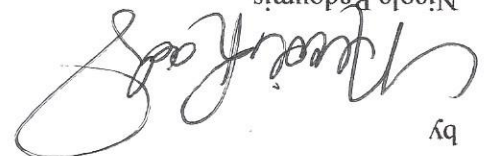

Regarding Fund Year 2017 Form 471 Discounted Services Application including FRN's 1799054240, 1799054251, 1799054265, 1799054273, 1799054280, 1799054292, 1799054240.

We ask the Commission to provide relief in allowing the entity to take steps to gain approval for funding with SLD/USAC for the above mentioned FRN's.

The original filing to SLD was denied with the reasoning "entity did not provide supporting documentation". The entity DID supply the requested documentation, however the PLA reviewer did not consider it when making decision. The Entity appealed the decision on 11/1/2017 with 1 of the documents uploaded to the appeal via EPC. EPC would not allow all of the documents to be uploaded. There was a specific request within the appeal filing to have the appeal department contact the entity with the email address of the reviewer to be able to provide the additional documentation. The entity was not contacted until 2/8/2018 by Ashish Sitapara, Case Management Associate. The documents were immediately provided via email on 2/13/2018. The entity contacted Ashish Sitapara, Case Management Associate on 4/30/2018 requesting an update on the appeal. Unknowningly, the appeal had been denied on 4/25/2018 with no explanation as to why. On 5/2/2018 the entity contacted SLD to ascertain the reasoning behind the appeal denial. The issue was escalated to a supervisor as there was no reason for SLD to deny the appeal. All requested supporting documentation had been sent. Based upon the denial of appeal with SLD, the ability to appeal further has been exhausted and the entity is seeking support from the FCC to go back to SLD for funding.
