Re: *Ex Parte* Notice: *Terrestrial Use of the 2473-2495 MHz Band for Low-Power Mobile Broadband Networks* – IB Docket No. 13-213

Dear Ms. Dortch:

On November 7, 2016, L. Barbee Ponder IV, General Counsel & Vice President, Regulatory Affairs, for Globalstar, Inc. (“Globalstar”), spoke by telephone with Jose Albuquerque, Chief of the International Bureau’s Satellite Division, regarding the Commission’s proposed rules in the above-captioned proceeding.<sup>1</sup> On the same date, I spoke by telephone with Edward “Smitty” Smith, Legal Advisor to Chairman Tom Wheeler, regarding these proposed rules. During these calls, Mr. Ponder and I discussed ways to reach an outcome expeditiously in this rulemaking that benefits consumers by adding terrestrial broadband capacity in the 2.4 GHz band.

Pursuant to section 1.1206(b)(2) of the Commission’s rules, 47 C.F.R. § 1.1206(b)(2), this *ex parte* notification is being filed electronically for inclusion in the public record of the above-referenced proceeding.

Respectfully submitted,

/s/ Regina M. Keeney  
Regina M. Keeney

cc: Edward “Smitty” Smith  
Jose Albuquerque
