Explanation of Request for Waiver

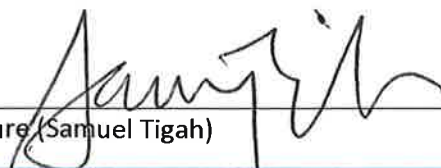

Our urban Charter School depends on E-Rate funding to help fund technology in our school. For this reason, we are requesting the FCC to waive the extension date on the Administrator's Decision on FCC Remand funding for FY2012.

The FCC's Administrator's Decision Letter dated August 2, 2017 was received on August 4th, 2017 and a BEAR form with SLD# 2654438 was filed on August 8th, 2017. USAC sent an email to the School on October 23rd, 2017 after the FCC Extension date had expired with information that the contract date for the service had expired. Applicant filed a Form 500 to request for contract extension and resubmitted BEAR Form on SLD Invoice# 2722714. On November 9th, 2017 applicant received email notification from USAC with explanation that the invoice date was later than FCC Extension Date.

Applicant submitted the original invoice before the deadline of September 1st, 2017. However, USAC's response was received after the FCC's extension date, which makes it impossible to resubmit another invoice within FCC's extended date.

We are an urban public school that depend on this funding and are asking for your consideration on this matter. Copy of USAC's decision letter, supporting documentation and correspondences are attached

Thank you!
