Attn: Comments on Docket 92-235

Dear Sirs:

FCC Docket 92-235 would have a critical impact upon local and state governments. With shrinking revenues the financial impact upon state and local governments to adhere to the regulation could be disastrous. Compliance would be unattainable for many which would render some public safety agencies ineffective. As such, we are against the adoption of FCC Docket 92-235 and feel it should be repealed.

Respectfully Submitted,

Daniel L. Kneale
