Click the 'Substitution' button to view approved 462s and submit site and service substitutions. You can select expense items to modify and create new expense items on one FRN at a time. Refer to the approved NCW by downloading the excel file as a reference to aid you during this process. Note that total funding on an FRN cannot increase above the original commitment amount. For more information, watch the site and service substitution [demonstration video](#) or review the [guide](#). Expense items included on submitted or draft 463s are not available for modification until USAC processes them, and expense items included in substitutions are not available for invoicing on the 463 until USAC processes the substitution.
