**Re: Notice of Ex Parte Communication: In the matter of: Use of Spectrum Bands
Above 24 GHz for Mobile Radio Service, GN Docket No. 14-177**

Dear Ms. Dortsch,

On November 8, 2017 Jayne Stancavage of Intel Corporation met briefly by phone with Erin McGrath, Legal Advisor to Commissioner O’Rielly, and on November 9th, Ms. Stancavage had separate brief phone discussions with Nick Degani, Senior Counsel to Chairman Pai, and Tom Sullivan, Bureau Chief of the International Bureau.

During the discussions, Ms. Stancavage described the progress of WRC-19 studies on AI 1.13 and presented the status of the millimeter wave band proposals in major markets outside the U.S. Ms. Stancavage also expressed concerns that certain aspects of the draft millimeter wave Second Report and Order¹ may have implications on international deliberations related to WRC-19 AI 1.13 (e.g. use of the term “core”).

Pursuant to Section 1.206 of the Commission’s Rules, this letter is being filed electronically via the Electronic Comment Filing System in the above-referenced docket.

Respectfully submitted,

/s/ Jayne Stancavage

Jayne Stancavage
