**Description of Network Changes Planned:**

AT&T Michigan is announcing the removal of service and decommission of the Detroit DTRTMIPGK31 DCS at 13635 Greiner St. Detroit, MI, 48205 on or after June, 2018. All services on the Detroit DCS will be migrated to the Detroit DTRTMIPGK02 DCS (same location). This work will require any impacted Carriers to submit an ASR to AT&T Michigan. Project ID: NEXTDCOM will need to be included on the ASR.

**Description of Reasonably Foreseeable Impact of the Planned Changes:**

A short downtime will occur during migration. Circuit rolls will be coordinated with the customer to minimize downtime. Carriers (IXCs) should contact their Account Managers if they have questions concerning the Detroit DCS DTRTMIPGK31. They will need to issue an ASR to have the impacted circuits migrated to the Detroit DCS DTRTMIPGK02 no later than March 18, 2018. NEXTDCOM will need to be included as Project ID on the ASR. The project will not be completed prior to June 18th, 2018
