EX PARTE OR LATE FILED

These petitions are from 25 miles of coast, from Waldport Oregon to Lincoln Beach Oregon and the Siletz area.

In this area there are 3 different cable companies, their prices vary from \$11.50 for 28 channels to \$25.02 for 23 channels. There is no competition in each area.

Summit Cablevision claims their area is too sparsly populated so they have to charge \$25.02 for 23 channels.

Alsea River Cable goes 25 miles up the Alsea River and they do it for \$11.50 for 28 channels.

Something is very wrong here.

While getting these signatures I talked to alot of senior citizens who can't afford t.v. at these outrageous prices anymore.

We have no t.v. in most of this area without cable.

We need your help with the new law the F.C.C. is trying to finalize.

Roy V. Snyder

RECEIVED

FEB 23 1993

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

4/2/83

SUMMIT CABLEVISION

P.O. BOX 367
DEPOE BAY, OREGON 97341
(503) 765-2139

Dear Summit Cablevision Customer:

We appreciate your taking the time to look over this information. If you have any questions, please don't hesitate to contact us.

CUSTOMER SERVICE

Our commitment to quality customer service is a priority in our business operations and we continue to focus our attention in this area. If you have concerns with the quality of television signals delivered or questions regarding your billing, please contact our customer service department at 765-2139, 265-6184 or 867-6835. These numbers are answered after normal hours by our answering service. We will be pleased to schedule a service call to resolve our technical problem or to discuss any billing questions you may have.

NEW RATES

In 1993 Summit Cablevision will continue its commitment to provide you with the best programming and service available only through cable television. Cable offers one of the best entertainment values around. Nowhere else do viewers have the choices they have on cable television. Thanks to cable you have 24 hour news, sports and weather instead of just twice daily. With cable TV you can tune-in to blockbuster movies or classic films without going to the theater or video store. Only cable television brings you hundreds of hours of entertainment, news and information for every person in your household.

As you might expect, better programming is more expensive to produce and bring to you, our customers. These expenses and our commitment to provide you with the best requires us to make adjustments in our monthly rates. Effective with your January 1993 bill, basic cable will be adjusted by 5% to \$17.08 per month. The cost for our full service package will be \$7.95 and our additional outlet charge will be \$1.66.

We at Summit Cablevision share your concerns for keeping prices as low as possible. Unfortunately, the cost of doing business forces us to make these minimal adjustments. Let me assure you that we are committed to keeping our rates competitive in the local entertainment marketplace.

We thank you for your continued patronage.

Sincerely,

Ben Smith
General Manager
Summit Cablevision

Regarding Cable System Subscriber Privacy Rights under the *Cable Communications Policy Act of 1984*

Dear Subscriber:

This letter is to inform you that under the *Cable Communications Policy Act of 1984* ("Act"), P.L. 98-549, cable operators are under a duty to protect subscriber privacy by giving subscribers notice of privacy rights and adhering to prescribed standards of nondisclosure of personal information regarding subscribers unless the subscriber consents to disclosure.

No personally identifiable information regarding cable subscribers given to anyone in the course of their business dealings with Alsea River Cable TV may be used for any other purpose than that of conducting the agreed-upon tasks. There must be no disclosure of such personally identifiable information (such as names, addresses, etc.) to ANY other party, particularly mailing list services and the like.

There are substantial legal penalties available to cable subscribers if this Act is not complied with — we hereby assure you of our compliance.

Dale and Leta Haslett
Alsea River Cable TV

ALSEA RIVER CABLE TV RATES Prices Effective after June 1, 1992

| | | |
|---|-----------------|-------------|
| Hook up and re-connect fees | \$15.00* each | |
| Basic Service | 11.50 per month | 28 channels |
| HBO Service | 8.50 per month | |
| CINEMAX Service | 8.50 per month | |
| HBO/MAX Service | 15.50 per month | |
| DISNEY Service | 7.00 per month | |
| (6.00 in combo with other pay services) | | |

*Rates Vary in Some Areas

Converters will be sold outright for \$25.00 to \$80.00 each.
Additional outlets are \$15.00 each installation, with no monthly fee.

Service fees of \$15.00 will be charged for service calls caused by customer-related problems. (Problems originated by Alsea River Cable TV will not have a charge.)

Cable locates will be free of charge, 48-hour notice necessary, as required by law. Repair of cable cut by digging without locates will be charged according to time and materials used in repair, area of outage, equipment needed for repair . . . as well as day and time.

ALSEA RIVER CABLE TV
528-7341

This is in regards to Summit Cablevision and cable t.v.'s excessive rates.

At present these are the local costs for the following companies:

Alsea Cable price for 28 channels is \$11.50 or \$.41 per channel.

T.C.L. Cable price for 29 channels is \$19.67 or \$.67 per channel.

Vancouver Wa. price for 49 channels is \$13.50 or \$.27½ per channel.

Seattle Wa. price for 50 channels is \$13.50 or \$.27 per channel.

SUMMIT CABLEVISION PRICE FOR 23 CHANNELS IS \$25.02 OR \$1.09 PER CHANNEL.

With your signature we can stop Summit Cablevision.

Cable rates

Continued from Page C1a

The basic service rate adjustment is the lowest increase since 1985, and represents a 3.5 percent increase. According to the press release, "the increase is consistent with the company's policy to maintain basic rates at or below the rate of inflation."

Newport and Toledo subscribers currently pay \$17.08 per month for "Basic" service, and \$1.90 for "Expanded Basic" service, plus appropriate franchise fees. When the rate increase takes effect, Basic service will cost \$17.68, and Expanded Basic will be \$1.97.

South county residents now pay \$15.49 for Basic, and \$1.90 for Expanded Basic, with appropriate franchise fees. After the rate increase, the rates will be \$16.03 for Basic and \$1.97 for Expanded Basic.

According to Tom Hansen, general manager of TCI Cablevision of Newport, the vast majority of TCI subscribers choose to have both Basic and Expanded Basic service. The company will continue not to charge for additional outlets.

"The two-year recession has helped us hold the line on many of the costs we control," Hansen said. "But, despite our best efforts to reduce internal expenses, we still have to cope with higher costs from external factors, such as rising utility costs, taxes and increased operating expenses every business has to pay."

"We also believe it is vital to help our employees cope with inflation by continuing to give them adequate wages," he continued. "The 1993 rate adjustment also reflects the increased fees we pay for the popular programs our customers want to see: Cable networks pass along a portion of their expense for these programs to TCI Cablevision. To maintain the level of service customers expect, we need to raise our rates to cover these cost increases."

The price adjustment, according to Hansen, is consistent with provisions of the new cable legislation. "As many of our customers may know," he said, "on Oct. 5, Congress passed legislation which, among other things, provides for local regulation of cable television rates. This provision does not be-

come effective until April. Until that time, we are still operating under the current law. We, of course, intend to comply with all regulatory procedures resulting from the legislation."

The TCI press release also states that the rate increase "is small compared to programming fee hikes of more than 30 percent in the last four years." Programming fees make up the fastest-growing cable expense area, representing 20 to 30 percent of the customer's monthly bill.

The press release said that the cable company has been moving toward "unbundling" traditional basic and pay package options, in an effort to reduce the impact of rate increases. Known as Expanded Basic, this optional level of service includes the TNT, USA and ESPN channels. These channels have been acquiring and producing new programs, and are therefore unable to assure cable operators that their rates will stay at or below the rate of inflation.

As part of the upcoming rate adjustment, TCI Cablevision's Expanded Basic rate will go up 7 cents to \$1.97 per month.

According to the press release, "the cable operator has increased the number of viewer options during 1992, to provide greater value to the monthly subscription package."

"Nothing compares with cable when it comes to delivering hundreds of movies, specialty channels and premier events," said Hansen. "There are few, if any, entertainment options that can beat cable's value, at fractions of a penny per show."

Two other providers of cable television service in Lincoln County will also be raising their rates next month. Summit Cable Vision and Falcon Cable TV have both scheduled a 5 percent increase that will take effect Jan. 1. Alsea River Cable, however, is planning no rate increase in the near future.

Cable TV increases

To the editor,

This is in regards to the T.C.I., Summit, and Paragon Cable rate increase.

They claim costs and programming as the reason. There is another cable company in the Waldport area called Alsea River Cable, which has 28 excellent channels for \$11.50. No basic or full service, just 28 quality channels for \$11.50, and no rate increase at this time.

All cable customers who are tired of being ripped off should write your complaints to:

F.C.C. Mass Media Bureau
Cable TV Branch
1919 M. St., NW
Washington, D.C. 20554

These are the people working on the new cable regulations.

Roy V. Snyder
