BY THE COMMISSION:

O P I N I O N   A N D   F I N D I N G S

1. On May 15, 2007, the Nebraska Public Service Commission (Commission) established a detailed process for verifying whether all federal high-cost support was, in the preceding year, and would be in the next calendar year, used for the intended purpose pursuant to Section 254(e) of the Telecommunications Act of 1996; and whether all state high-cost support was and would be used for its intended purpose pursuant to Neb. Rev. Stat. § 86-324. See Application Nos. NUSF-25/NUSF-66, Progression Order #18 (May 15, 2007). Consistent with the Commission's findings all designated eligible telecommunications carriers (ETCs) and all Nebraska designated eligible telecommunications carriers (NETCs)<sup>1</sup> receiving high-cost support were required to file historical and prospective documentation describing their use of federal and state high-cost universal service support. These annual filings are due on June 1<sup>st</sup> of each year.

<sup>1</sup> The Commission designates ETCs as eligible to receive federal high-cost universal service fund support pursuant to the Federal Telecommunications Act of 1996. The Commission designates NETCs as eligible to receive state high-cost universal service fund support pursuant to the Nebraska Telecommunications Universal Service Fund Act (NTUSF).

Application Nos. NUSF-25/NUSF-66  
Progression Order #35

2. By June 1st of this year, each eligible telecommunications carrier (ETC) and each Nebraska eligible telecommunications carrier (NETC) was required to file with the NTIPS Department an adequate description of how the high-cost funding support has been used and an adequate description of how high-cost support will be used during the coming year.

3. On November 18, 2011, the Federal Communications Commission (FCC) issued its Universal Service and Intercarrier Compensation Transformation Order (Transformation Order)<sup>2</sup> which, *inter alia*, modified the certification requirements for ETCs. Among the changes 47 C.F.R. § 54.314 requires state commissions, after conducting a detailed review of ETC's historical and prospective documentation describing the use of federal universal service support, to determine whether universal service support was used for its intended purpose in the preceding calendar year and will be used for its intended purpose in the following calendar year.

4. Pursuant to the requirements established by the FCC, ETCs were required to file their annual Form 481 reports with the Commission on or before July 1<sup>st</sup> of this year.

5. Upon completion of its review, the Commission finds that the following carriers adequately filed information demonstrating that they have used all federal high-cost support in the preceding calendar year, and will continue to use all federal high-cost universal service support in the coming year for the provision, maintenance and upgrading of facilities and services for which support is intended, pursuant to 47 C.F.R § 54.314 (May 8, 2012) and WC Docket No. 10-90:
