Re: Notice of Ex Parte Presentation, WC Docket No. 17-108

Dear Ms. Dortch,

This letter is to advise you, in accordance with the Commission's rules, that on November 17, 2017, CALinnovates executive director Mike Montgomery spoke with with FCC Commissioner Jessica Rosenworcel's Chief of Staff and Senior Legal Advisor Travis Litman to discuss the need for clarity around the issue of pre-emption.

Mr. Montgomery underscored the innovator's need for clarity, which cannot be subject to patchwork regulations differing by state.

Montgomery reiterated CALinnovates' preference for a permanent solution to net neutrality though bipartisan Congressional legislation in order to affirmatively enshrine the concept into law.

CALinnovates – a coalition of technology leaders, startups, and entrepreneurs – seeks permanence on the issue of net neutrality as well as pre-emption. In the phone conference, Montgomery discussed the challenges mismatched local and state policies would create for innovators, the business community and consumers alike.

Congressional legislation will benefit consumers and the entire technology ecosystem, enhance innovation, investment and competition.

Mike Montgomery
Executive Director
