Reason for Waiver Request / SLD action being appealed:

The district received the Revised Funding Commitment Decision Letter regarding the appeal letter we filed. We were denied. See Attachment 1.

The district would like to add taxes to FRN 1999051800. (In the appeal we suggested as a separate FRN because that is what had been done at one time during the PIA process.) We do not need a separate FRN. We request that the amount of the taxes as seen on the USAC appeal and the Frontier bill be added to the FRN. See Attachment 2.

The district used the contract document (with no tax information) when entering in the data on the Form 471 and not the billing data that includes the taxes.

Requested Action: Mt. Baker School Dist 507 asks that the FCC consider including the taxes element to the FRN 1999051800.

Basis for this Waiver:

The basis for this waiver is in accordance with the FCC decision in the matter of FCC DA 19-850, released August 29, 2019.

Summary: We request that the FCC include the taxes portion of the bill that the district did not include at the time of the Filing of the Form 471.

We would appreciate having this decision re-evaluated and funded.

Thank you.

Sincerely,

(filed electronically via FCC website)

Mike Neuterman
Director of Technology Services
