Proceeding Number 16-41

My name is Linda L. Dodd i watch RFD-TV on Direct-TV since RFD-TV has been on. I enjoy all the programs on RFD-TV You can't go wrong watching RFD-TV. I myself have learned alot from watching RFD-TV. Children can and do learn alot watching the Farmers and Ranchers. I grew up in the country. I know when I can't find anything on other networks worth watching I know when i turn on RFD-TV I can't go wrong. They have such a variety and its educational, entertaining and alot for the family to watch. You can't find these programs anywhere else. They cover it all. When I'm at work I can record alot of programs its on day or night to watch later. Thank you RFD-TV.
We need RFD-TV.

Dear Cable Company: 16-41

I am requesting that you will not discontinue the RFD Channel.

I am 76 years old and on oxygen 24 hours a day, which limits my pleasures.

One thing I enjoy is TV mostly in the evening with RFD, the music and the horses are my favorite.

So please don't take RFD from the elderly, who has very little to look forward to.

Thank you so much

Gentlemen:

I don't understand why Rural programs need to be taken off T.V. - RFD is watched by all Seniors, we grew up on the Country music, Redcoats and etc. - All other programs are sports, or shows of killing and sex. That's a sport we Seniors don't take part in any more - If it's removed we are going to Antennas, the Cable Companies will suffer - Please fight to keep RFD on T.V.

Thanks -

Yours truly,

Frances Scarborough

Comments:

We watch RFD TV on Armstrong Cable
We have watched RFD for a long time
and enjoy all the shows very much.
We really enjoy Sarris Country Diner
Family Reunion, Molly B. Gay + Rory
Daly + Vincent, Ray Stevens, Marty Stuart
The Gaithers and all the horse shows.
We really enjoy the farm shows,
+ farm news, I was a farmer for 50
years, farming the fields + milking cows
+ enjoy hearing about what's going on
with farming now.

We would hate to see this taken away
because we pay extra to get this package
so we can watch a Decent Channel on the
airways. So please FCC help keep RFD TV
on the air for us.

Thank you very much

Dear 7.C.C. 11641

Please, please, do not in any way let any cable company take away the T.V. station of R & D in no way, that's about the only station that has anything decent on it

I know that if I had to take stuff off of T.V. there are a lot of stations that have a lot of garbage on it then I would eliminate, these cable Co.'s want to put a lot of garbage on it tell them to pick on some other station, I have a lot of stations I do not listen to because of the garbage that's on it I like decent stuff on T.V. I like Christian music, Country & Western & Elvis Presley music 50's & 60's music, do me a favor & do not in any way shape or form let them get rid of R & D.

Sincerely
Helen Johnson

I have written to you before about how so many people enjoy their programming on R.F.D. So Instead of going over that again. I want to pose a few questions to you.

1. What if our ancestors were ^{not} farmers? Would you be here today?
2. If our farmers didn't like to work with animals, Natural foods and the long hours, adverse weather conditions? What ~~if~~ would you eat & drink that is healthy for you?
3. Who would be paying the largest part of our land taxes in this country?
4. Who would be teaching the next generation about "little tricks of the trade"? In the joys of Country ~~the~~ living.
5. Helping our Neighbors in need as the food stamp programs. Boiling Maple Syrup is another tedious job.
6. The farmers are trusting the Good Lord Above, You folks don't like it!

P.S. Farmers are intelligent!

To Whom This Concerns,

We do not want RFD to go off the air as we watch that station more than any station we have. We are older people and do not care for all the crap they have on the other stations, so hopefully that RFD can continue so we won't have the programs we enjoy.

Sincerely,

Glean Michaels &

Dear FCC Proceeding # 16-41

Mom & Dad were married for 68 years.

The thing they enjoyed so much was watching RFD J.V. together. They knew the times and dates of every show they loved to watch.

Mom past 3 years ago, heartbroken Dad watches & ~~thinks~~ ^{thinks} for the shows they watched together on RFD J.V.

Six Months ago he had to be moved to an Assisted Living residence.

They didn't have the RFD channel. We checked with management and they politely received request from over 90% of the residence to put RFD J.V. in, they happily changed
