Dear Secretary:

I am writing to let you know that I am opposed to your office censoring TV ads showing actual abortions.

This censoring is not wanted.

The public must be shown the horrible truth of abortion.

Thank you in advance for any help you can give in this area.

Sincerely,

Michael E. Smith

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Federal Communications Commission:

Recently, a political advertisement on television graphic scenes of a fetus after an abortion. These explicit commercials were usually run during family viewing hours. There was a warning flashed before the commercial actually took place but it didn't give a person enough time to shelter their children. The public has been told that this advertisement could not be removed because it is a political ad.

Many times graphic scenes are cut out of movies and news items, but from what I understand political ads can't be censored. The thing that disturbs me is that politicians can get away with using these types of ads. If you could explain to me why they have the power to run these ads without censorship it would be greatly appreciated.

Sincerely,

Brett Olson
