

Dear FCC Chairman Ajit Pai,

I support the existing Net Neutrality rules, which classify ISP's under the Title II provision of the Telecommunications Act. Please do not roll back these regulations.

This decision of yours will further complicate the state of affairs in this great and FREE country of ours. We are already being forced and limited as Americans and consumers to choose from a very small number of ISP's to begin with. You are steering us towards a future that seems even darker than the one we already live in. I, for one cannot agree to that.

Please Sir, stop this nonsense.
