

This guy is trying to destroy free internet. Do your part and go to battleforthenet.com or dial +1 719-354-2153 to talk to your rep. Let's beat this damn bill for good. Also including this link because it is also relevant: www.gofccyourself.com. Also I've been told it's not a bill, it's rulings and stuff. Still. Eff this guy with a pineapple sideways. His name is Ajit Pai.
