

Dear FCC,

I am writing to you today for you to NOT repeal net neutrality. Regulations need to remain in order for ALL businesses and people to have an equal stance at being noticed on the internet. By repealing this you are setting up a corrupt system where the 1st Amendment is not upheld unless those people have enough money to get seen on the internet.

Our free speech will be immediately affected in a gross negative way and we will end up as customers being forced to pay more for an inferior product. You will be KILLING small business start-ups, limiting free speech, will contribute to less fortunate people without the means to pay for faster internet to get the same quality internet experience, thus limiting their learning curve, and rewarding corporations that already have benefited too much by our government's horrible regulating skills & practices. Please help the millions of people in the US that don't have a voice and don't have the means to afford the looming prices you will be inflicting if you repeal net neutrality. Vote to keep net neutrality as it is.
