**Re: Section 63.71 Application of Verizon Delaware LLC, Verizon Maryland LLC,
Verizon New England Inc., Verizon New Jersey Inc., Verizon New York Inc.,
Verizon Pennsylvania LLC, and Verizon Virginia LLC**

Dear Ms. Dortch:

The Verizon incumbent local exchange companies captioned above submit the enclosed Application for authority under Section 214(a) of the Communications Act and 47 C.F.R. § 63.71 to discontinue Feature Group A service in multiple wire centers. A list of affected wire centers is included in the Application at Exhibit A.

Sincerely

A handwritten signature in black ink, appearing to be "Frederick E. Moacdieh".

the Communications Act of 1934, As)	
Amended, To Discontinue the Provision of		
Service		

**SECTION 63.71 APPLICATION OF
VERIZON INCUMBENT LOCAL EXCHANGE COMPANIES**

The Verizon incumbent local exchange companies captioned above (collectively “Verizon”) submit this Application for authority under Section 214(a) of the Communications Act and Section 63.71 of the Commission’s rules to discontinue Feature Group A (also known as “Pagepath”) service in multiple wire centers.¹ Feature Group A service is a legacy interstate switched access service that customers use to establish a local seven-digit telephone number for call completion to and from a separate LATA. Feature Group A service operates over manufacturer-discontinued switching platforms and has largely fallen out of favor as customers have chosen new options and technologies. Today we have no retail customers and only three wholesale customers of Feature Group A service in the affected areas. Given the low numbers of

¹ A list of the affected wire centers is included at Exhibit A.

subscribers and high costs of supporting this service, we plan to discontinue offering the service completely in the affected areas on or after February 28, 2019.²

Many customers in these areas have already made the decision to move either to our fiber-based services or to competitors' services; others are in the process of transitioning. During this transition, we have been working closely with our customers receiving service over copper facilities to discuss their existing services and their needs going forward. For the vast majority of our customers, such as those purchasing plain old telephone service, there has been a like-for-like, fiber-based service available for them, making this transition straightforward.

Consistent with Section 63.71(a) and (b) of the Commission's rules, Verizon provides the following information:

1. Name and Address of Carrier (47 C.F.R. §§ 63.71 (a)(1), (c)(2)):

Verizon Delaware LLC
901 Tatnall Street
Wilmington, DE 19801

Verizon Maryland LLC
1 East Pratt Street
Baltimore, MD 21202

Verizon New England Inc.
6 Bowdoin Square
9th Floor
Boston, MA 02114

Verizon New Jersey Inc.
One Verizon Way
Basking Ridge, NJ 07920

Verizon New York Inc.
140 West Street
New York, NY 10007

Verizon Pennsylvania LLC
900 Race Street
Philadelphia, PA 19107

Verizon Virginia LLC
22001 Loudoun County Parkway
Ashburn, VA 20147

² Modifications in service offerings for customers with existing contracts are subject to the terms of their contracts.

2. Date of Planned Service Discontinuation (47 C.F.R. §§ 63.71(a)(2), (c)(2)):

Subject to the Commission's authorization, we plan to discontinue Feature Group A service in the affected areas on or after February 28, 2019.

3. Points of Geographic Areas of Service Affected (47 C.F.R. §§ 63.71(a)(3), (c)(2)):

Subject to the Commission's authorization, Verizon intends to discontinue Feature Group A service in the wire centers listed in Exhibit A.

4. Brief Description of Type of Service Affected (47 C.F.R. §§ 63.71(a)(4), (c)(2)):

Feature Group A (also known as "PagePath") service is a line-side connection that is used primarily for exchange access crossing state and/or LATA boundaries. Customers use Feature Group A service to establish a local seven-digit telephone number for call completion to and from a separate LATA. Feature Group A service is provisioned from the Verizon switched wire center. Feature Group A service is further described in Verizon's FCC Tariffs No. 1, Sec. 6.2.1 and No. 11, Sec. 6.2.1.

Alternative Services and Products: Customers today can obtain alternative services and products from Verizon or other providers that may suit customers' needs depending on the customers' particular applications. Possible alternatives offered by Verizon include VoIP solutions such as SIP Gateway Service. Verizon will work with affected customers to find suitable alternative solutions.

5. Brief Description of the Dates and Methods of Notice to All Affected Customers (47 C.F.R. § 63.71 (c)(3)):

Verizon sent notices to customers that currently subscribe to the affected services by U.S. Mail on or before November 27, 2018. Copies of the notices are attached as Exhibit B.

Verizon is sending copies of this Application by first class U.S. Mail to the governor and public utilities commission in each affected state, and to the Department of Defense Chief

Information Officer, as required by Section 63.71(a) of the Commission's rules. No tribal nation will be impacted by this Section 63.71 application.

6. Regulatory Classification of Carrier (47 C.F.R. § 63.71(c)(4)):

Verizon is classified for regulatory purposes under the Commission's rules as dominant with respect to Feature Group A service.

CONCLUSION

Verizon respectfully requests that the Commission approve this Application.

Respectfully submitted,

William H. Johnson
Of Counsel

Subject: Withdrawal of Pagepath/Feature Group A Service
Billing Telephone Number:

Dear Valued Customer,

Verizon is engaged in a multi-year program to update select wire centers to next-generation platforms and all-fiber facilities. Currently underway are the wire centers listed in **Attachment 1**. In order to complete this initiative, we must take steps to limit the number of circuits that are provisioned over the existing copper infrastructure. To that end, we plan to discontinue the following interstate service in these locations:

Pagepath/Feature Group A which provides a line-side connection that is used primarily for exchange access crossing state and/or LATA boundaries. Feature Group A service is further described in Verizon's FCC Tariffs No. 1, Sec. 6.2.1 and No. 11, Sec. 6.2.1.

According to our records, you currently subscribe to Pagepath/Feature Group A.

On or after February 28, 2019, subject to FCC approval, Verizon will begin the withdrawal of Pagepath/Feature Group A (i.e., disconnection of circuits) at the Serving Wire Centers identified in Attachment 1. Verizon will notify you at least 90 days in advance of the actual date on which particular service arrangements will be disconnected, which will depend on the installation of fiber in the affected area to ensure our alternative, fiber-based services are available to serve you.

To avoid service disruption, we urge you to make arrangements to migrate your Pagepath/Feature Group A service to an alternative Verizon service. Other providers may also offer alternative services. Please use this interim period to review the application(s) for which you are currently using Pagepath/Feature Group A service.

Verizon offers various services which may suit your needs depending on your applications. We encourage you to contact your Verizon Account Manager to discuss the best solution for you.

We value your business and look forward to helping you realize the benefits that our advanced offerings can unlock for you.

Sincerely,
Verizon

FCC Required Notice: The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 30 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of Verizon Delaware LLC; Verizon Maryland LLC; Verizon New England Inc.; Verizon New York Inc.; Verizon New Jersey Inc.; Verizon Pennsylvania LLC; and Verizon Virginia LLC. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
