

The Gutierrez Family

11908 NW McNamee Rd.

Portland, OR 97231

Preserve Net Neutrality. Do not "sell out" to corporations who want to increase their already exorbitant profit margins by being able to charge my family more to see what we want to see. Also, my online tax school needs access to students and students need to be able to access online school content without being charged more by Comcast, Verizon and other internet access providers.

Don't sell out to big corporations!

Thank you.

April Gutierrez
