Sirs -

Please, please do not cancel
RFD television stations. We
are elderly and really enjoy
the music shows. They are
some of the only shows we
can relate to. Being
confined to home in the
country we like a few
good shows (no violence).

Please have the FCC
reconsider their decision!

Yours truly

Dear Sir, 1641

I am writing to ask that you do not drop our Rural R.F.D. TV programs. The Rural Programs means a lot to us. The markets, news, Weather, education Views of other states such as Alaska and other states here in the western US States. I farm in Wayne Co in Illinois. The closest gas station's tire repair, food, repair, Banks, Doctors, Hospitals are 20 miles away. Why is it not right for us to have communication for programs we want to watch. Please don't drop or block our way of life. I'm sure you wouldn't want us to drop your favorite programs. So please do not drop or block our way of Life. I am referring to FCC 16-41.

To Whomever is in charge at FCC;
We have heard that you
might Take RFDTV off.

PLEASE DON'T !

80% of the shows we watch
are on RFDTV. We watch
news on the local channel
and have only a few faves
on the major networks. We
are offended by most of their
shows. ~~TOXIC FILE COPY ORIGINAL~~ Trashy

As older retired Americans we
spend many hours watching TV.

If you think you need To Keep
The younger generation happy, ->

you are fooling yourselves.
We have 13 grandchildren who
are young adults, and I can
tell you they are much too busy
to spend a lot of time watching
TV. Also, you can tell the
sponsors that we spend more
money on their products than the
young ones do. Don't count us out!

Please don't take away our
RFD TV or the Insp. channel.

This letter is to let you know
I am opposed to the threat to close
down RFD TV. It is a wonderful TV
and I am 81 & not well at all. Me
& my husband who is 84 enjoy the music
(Country) that is on during the week-ends
especially. My husband has been a
farmer for much of his life & enjoys the
farming reports, news & farm machinery.
He also enjoys seeing the cowboys &
the sters, cows, horses & etc.

We enjoy the RFD TV as a
whole & it is one of the few enjoy-
ments we have in our last years.

We shall appreciate your consideration
to leave this good & clean shows
on TV - RFD. Indefinitely. We
thank you in advance.

God Bless us all,

offers an Equire Course, and I'm sure the people involved in that enjoy seeing the Equire shows.

There are many different programs on RFD and RFD-HD that appeal to people from all walks of life. Some nights there is nothing decent to watch on other channels, but I can depend on RFD-TV to have good clean, family oriented programming.

Please leave these stations on the air so I can continue to watch this fine programming for many years to come.

Dear Sirs: 11041

We are requesting that the
FCC do every thing possible
to support the small country
music T.V. shows - We do
enjoy all the programs and think
the larger stations should
not be able to drop the smaller
stations - It is these smaller
stations who have provided
a lot of entertainment to the
public old and young.

Please do all you can to save
these stations.

I am sorry to hear that Verizon FIOS wants to take RFD-TV off the air. I am not a Verizon Customer. I have DirectTV, but I wanted to stand up for Verizon FIOS Customers. I am a senior citizen, and I wouldn't have a television if RFD was not on. RFD is the best station on the airwaves today. It is good moral programming and television stations has Gateway from that these days. It would be a shame to see it taken off the air.
