Dear FCC,

Keep RFD
on Disb T.V.

Also my sister
has Comcast.

She has tried
to get RFD TV, and
Comcast tells her
they've never heard
of RFD T.V. Why
is this? Everyone
should be able to get
RFD TV if they wish,
but RFD TV on
Comcast in Illinois.
RFD is a good channel

to watch, they
have good pro-
gramming for
children and old
folks and farmers.
Good Old Country
Music also. Keep
RFD TV on Disk
and put it on cable
TV also.

I encourage
this Keep RFD TV.

Thank you,
Shirley Carey

Hello,

Monday, March 21

I am writing this letter to let anyone know that we have E.T.C Cable TV. We live between Jasper and Talking Rock, Ga. We are about $\frac{1}{2}$ way between Chattanooga, Tenn and Atlanta, Ga. The RFD Channel 19 is our most watched channel. We get our farm monitor and our beloved country and blue grass music programs. It is very important to us. Please let it keep on keeping on for us.

Thank you,

RFD is my favorite TV channels 231 & 232.
The programs are entertaining and fun to watch.
It is definitely better than watching any
soap series.

Please do not let it be dropped

Re: The RFD channel. -

Please do not drop that channel. That is about the only one that the entire family can watch. No violence, no off color language, no sex, no fighting or shooting.

We are farmers and RFD is so important to us.

That is the best channel ever! We enjoy it so much.

Please leave it where it is.

Dear FCC Shows,
I enjoyed watching RFD-TV
shows on TV. It has good shows on
that network. I like those shows
OK, it has different shows and also
has some good music shows. We want
you to keep that network on. There is
a lot of people like to hear Country Music.
And some stations they have Dirty Words
and on your station you don't have that on
your station. Sincerely,

What RFD-TV means to us:

We watch RFD-TV on ^{Dish} Satellite. We really enjoy this channel. We love all the farm info and all the variety music shows - Can't find this on any other channel. Spent most of our lives in the country. We would be lost without this channel - Good clean fun ^{for} all the family to watch together. Please do not take

I have been a Direct TV subscriber since November 2009. I am not a farmer or rancher; but I am a senior citizen who really enjoys the older style of country music aired on RFD-TV.

I grew up listening to the Grand Ole Opry back in the 1950's and 60's so watching the Country music programming on RFD-TV is a "special treat" that I do not want to give up.

Please let RFD TV stay on the

The world is moving so fast and

Why not follow God's teaching of

To Whom It may Concern:
I am writing about
what you all are trying
to pull.

I feel that RFD TV
is a very good Channel to
watch. It is worth looking
at where people can't
stand the other Channels.
The music programs are
very good.

Also if you took Ralph
Emery and Crook & Chase
off you was very wrong.

I feel that RFD is
the only thing to watch
so please be kind &
leave it alone.

Just use your mind
& be kind.

Farmers get so much valuable information from RFD and they deserve to enjoy some good entertainment. They work hard for us all to eat well.

Please don't let the City folks shoot down our preferred entertainment. There's hundreds of ^{TV} shows channels with other stuff. So why can't we have ONE.
Thank you.

Dear F.C.C. 3-22-56

Taking time this Sunday afternoon to voice my concern in the possibility of taking our Q.T.D. channel from your Program line-up.

The Rural Farm Delivery network with all its scheduled programs has entertainment for us all to enjoy, whether you are a Farmer or City Folks.

SECRET FILE COPY ORIGINAL
which includes simply, Neighbors helping Neighbors when it comes to Agriculture, which we all desperately depend on daily.

Please, bear our plea in keeping R.T.D. T.V. in your line-up, as this channel surely would be missed.

Thank you for listening
